

## ASSEMBLY GUIDE

# SUNSHINE TABLE

### Kit List

- 1 x Tabletop
- 3 x Legs
- 3 x Screws
- 3 x Nuts, and Washers
- 1 x Circular Hinge

**1.** Start by placing your tabletop upside down, on an elevated surface around hip height for ease (see picture 1).

**2.** Finger-tighten the bolts to the legs and circular triple hinge, it is important to ensure that the angled cuts at the bottom of each leg face in the circular direction (see picture 2).

**3.** When all three legs are attached, open them up so the notched ends can reach and slot into place snugly on the edges of the table support planks. Note: They do not go exactly in the middle of the support planks that they reach (see picture 3).

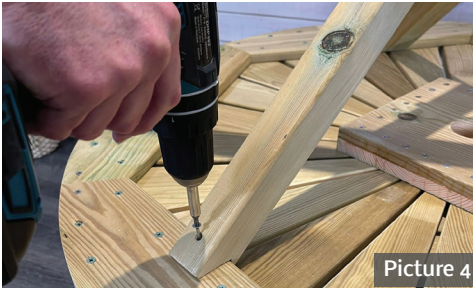

**DON'T FORGET TO PAINT ON THE FURNITURE PROTECTOR AS SOON AS THE PRODUCT IS ASSEMBLED, UNLESS ANOTHER FINISH IS TO BE APPLIED.**

## ASSEMBLY GUIDE

## SUNSHINE TABLE

**4.** Once the legs are in place, screw and attached them into the tabletop using the pre-drilled holes. When screwed in, tighten up each bolt connecting to the circular hinge (see pictures 4 and 5).

**5.** Flip and place flat on the ground ready to use (see picture 5) and enjoy the Sunshine!

**DON'T FORGET TO PAINT ON THE FURNITURE PROTECTOR AS SOON AS THE PRODUCT IS ASSEMBLED, UNLESS ANOTHER FINISH IS TO BE APPLIED.**
