ABOUT THE SEA OF CORTEZ AND EXPLORING BAJA DIVING

Explore over 700 miles of the Sea of Cortez, starting at one end of Baja and ending at the other. Experience the magic of the Midriff Islands combined with the clear, warm waters of the south. We never know what will come our way on this adventure!

Each day you will awake to a fantastic sunrise amongst some of the most breathtaking scenery in the world with clear skies, deep blue seas, and terrain only millions of years could create. Enjoy three to four dives daily as we move from island to island. Dive on untouched walls and reefs abounding in marine life. The north is a macro photographer's dream with nudibranchs, colorful blennies, dancing jawfish, and sea horses. Encounter large and small whale species, snorkel with whale sharks, see jumping mobula rays, dive with playful sea lion colonies and see countless eels, octopus, fish, and jumping mobula rays.

The biodiversity between the northern and southern Sea of Cortez is incredible and diving the entire Baja is spectacular! The sea life we witness on the surface from the boat, pangas or snorkeling is fantastic. We can see dolphins, sea lions, pilot whales, humpback whale, fin whales, blue whales, sperm whales, orcas and flying mobula rays. We also have incredible birds including blue and brown footed boobie birds, cormorants, frigate birds and the endemic yellow footed gulls.

In the south we dive the national park in Loreto and guests can spend a nice evening walking and dining in Loreto. If you wish to hike the remote islands during surface intervals, there is always a panga available to take you to shore. We also have kayaks to take a serene cruise around the islands. Between activities get spoiled with amazing meals and the best crew in the industry.

The crew of Rocio Del Mar is here to help you in any way possible to make your exploration of the Baja Peninsula an unforgettable experience. Please let your crew know if there is anything you want or need anytime during your trip.

DIVING

The crew of Rocio Del Mar is here to help you in any way possible to make your visit to the Sea of Cortez an unforgettable experience.

We provide 80 cubic ft. aluminum tanks that are both DIN & yoke compatible as well as weights and belts.

The passengers will be divided into three groups. Each group will have its own divemaster to help guests and lead the dives. Dives will be made from two 18' Achilles inflatables, each with a driver vigilantly looking for bubbles. The inflatables have very sturdy, easy to use ladders. Upon surfacing, the inflatable will come to you. Divers will remove their BCD and the driver will lift it into the boat. Once at the ladder, divers remove their fins and climb in the boat. When the inflatable get back to the boat, the crew will put your gear away for you.

GETTING TO THE BOAT / PUERTO PEÑASCO DEPARTURE

Rocio del Mar is located at the Marina Fonatur in Puerto Peñasco, Mexico. Marina Fonatur is approximately a 4-hour drive from Phoenix, Arizona.

FROM THE UNITED STATES

Most guests fly to Phoenix Sky Harbor Airport (airport code PHX) as it is the most convenient and closest airport to fly into to reach our port.

We facilitate transportation services to and from Phoenix and the marina for you through Head Out to Rocky Point. This shuttle service has 14 passenger vans that haul trailers for gear. The cost is \$115 per person, one-way, payable directly to Head Out to Rocky Point. If you require this service, please do two things: 1) indicate this on your passenger documents, and 2) reserve and pay at www.HeadOutToRockyPoint.com/scuba. Head Out to Rocky Point accepts credit cards on their website, or you can pay by cash (USD only) on-site. Be sure to use this link as they provide our guests with a discounted rate.

Passengers should arrive at Phoenix Sky Harbor airport no later than 11am on the trip departure date. If you choose the Head Out to Rocky Point shuttle service, the shuttle will pick up all passengers at 1 pm at Terminal 4, door #5 at the outer curb, northside arrivals.

The trip takes 4 ½ hours and it will cross the international border. Head Out to Rocky Point is very familiar with this process and are there to help. The driver will stop along the way, allowing people to use the restroom and purchase snacks, including alcoholic beverages.

OPTIONS WITHIN MEXICO

For guests wanting to get to Puerto Peñasco within Mexico, there are the following options. These are listed in order of ease and popularity:

OPTION 1

Guests can fly into Hermosillo (airport code HMO). You can take a cab from the airport to the Albatros bus station (www.albatrosautobuses.com). There are several daily buses, and it takes about 5-6 hours. You will need to take the 7 am departure to arrive at Puerto Peñasco for the 5 pm boarding time.

OPTION 2

Guests can fly into Mexicali. This option is very rough travel, i.e. third-world travel. You will need to take a taxi from the airport to ABC bus station, about a 30 min taxi drive, estimate 500 pesos. ABC bus has only 1 bus

scheduled to Puerto Peñasco for late flight arrivals. The bus doesn't leave until approximately 1 am and arrives in Puerto Peñasco at 6 am. That means guests would have to wait at the bus station until departure. The bus station is daunting, and you travel all night. Then they need to find something to do until the boarding time at 5 pm.

If the flight arrives early at Mexicali, there are more buses. We highly recommend making a bus reservation online otherwise, the guests stand in line at the bus terminal for a ticket.

FLIGHTS TO PUERTO PEÑASCO AIRPORT

We recently learned of a regional airline flying into Puerto Peñasco Airport called Aero Calafia. They currently have a limited schedule between Puerto Peñasco, Loretto, La Paz and Tijuana. To learn more, you can visit their website at www.calafiaairlines.com.

FMM / MEXICAN TOURIST CARD

FOR GUESTS TRAVELING NORTH TO SOUTH

All passengers (except for Mexican nationals), must have a FMM. The Mexico FMM (Forma Migratoria Múltiple, also known as tourist card) is a tourist permit that enables travelers to visit Mexico. This can be purchased at the border. The cost is approximately \$35 US in cash. Credit cards are not accepted, and immigration officials will not give change. It is good to bring \$3-\$5 extra just as the amount can fluctuate based on the exchange rate.

An FMM can also be purchased online at <https://www.inm.gob.mx/fmme/publico/en/solicitud.html>. Be sure to bring a copy of this with you otherwise you will need to purchase it again at the border. For the most up-to-date information, visit www.mexicoliveboards.com/traveling-to-mexico.html

THE BOAT CANNOT LEAVE THE HARBOR UNLESS ALL PASSENGERS HAVE A FFM! NO EXCEPTIONS!

A FMM is not required for guests on the south to north itinerary as this is typically included in your airfare to Mexico.

GETTING TO THE BOAT / SAN JOSE DEL CABO DEPARTURE

Rocio del Mar is located at Marina Puerto Los Cabos in San Jose del Cabo. Guests fly into San Jose del Cabo (airport code SJD). Guests are responsible for their own transportation to and from the boat. The marina is about 25 minutes from the airport.

After you collect your bags and leave customs, you will enter a lobby. Before you exit the lobby to go outside, you will see a counter to the left that says TAXI. You can book a taxi and pay for it there via cash or credit card. The cost is approximately \$60 for two people.

Boarding begins at 5pm. Please do not board early as the crew is busy getting the boat ready for you. If you arrive early and want to walk around the lovely town of San Jose del Cabo, you can take a taxi to the El Encanto Inn. The El Encanto Inn is in the heart of the Art District of the historic center of San Jose del Cabo. They are happy to store your luggage for you for \$7. The hotel has a restaurant and bar and is centrally located with plenty of shops and restaurants in the area.

When you are ready to go to the boat, the staff at El Encanto Inn can call a taxi for you.

If you prefer to go directly to the marina, the La Marina Inn is located across the street. They are a quaint hotel and has a bar/restaurant and would be happy for you to stop by while you wait for the time to board.

DIRECTIONS TO ROCIO DEL MAR FROM THE AIRPORT AND DOWNTOWN SAN JOSE DEL CABO

Marina Puerto Los Cabos is about a 25-minute taxi ride from the airport and 15 minutes from downtown San Jose del Cabo. Please drive toward the small fishing town of "La Playita" and El Ganzo Hotel. Once you are in the marina area you will be driving on a long, winding road with roundabouts. To your right, you will see a tall, beige building called MARINE GROUP and on the other corner an OXXO store. Turn right at the Marine Group building and OXXO store. Keep driving toward El Ganzo Hotel. Rocio del Mar is often docked about 100 yards before El Ganzo hotel. If it is not there, it is at another berth within the marina. The taxi driver can take you to the other berth or you can wait outside of El Ganzo, and we will come and pick you up.

RETURN

SAN JOSE DEL CABO RETURN

The boat will return to the marina during the night and passengers need to be ready to depart by 8:30 am on the last day of your trip. Continental breakfast will be served. Our crew will call taxis to get everyone to the airport or their hotel.

PUERTO PEÑASCO RETURN

The boat will return to the marina in the early morning and passengers need to be ready to depart by 7am. A continental breakfast will be served. Most guests use Head Out to Rocky Point shuttle to take them from the boat to the Phoenix Sky Harbor Airport (airport code PHX). This shuttle service has 14 passenger vans that haul trailers for gear. The cost is \$115 per person, one-way, payable directly to Head Out to Rocky Point. If you require this service, please do two things: 1) indicate this on your passenger documents, and 2) reserve and pay at www.HeadOutToRockyPoint.com/scuba. Head Out to Rocky Point accepts credit cards on their website, or you can pay by cash (USD only) on-site. The shuttle will pick up passengers promptly upon disembarking.

The trip takes 4 ½ hours and it will cross the international border approximately one hour after departure. Head Out to Rocky Point is very familiar with this process and are there to help. The driver will stop along the way, allowing people to use the restroom and purchase snacks.

Guests can book their departing flight from the Phoenix Sky Harbor Airport departing at 2pm or later.

SUGGESTED GEAR & CLOTHING

Besides your normal dive gear, every diver is required to have the following: dive computer, safety sausage (SMB) and a whistle.

Every diver is required to have a dive computer, safety sausage (SMB) and a whistle.

One of the most popular questions we receive is about water temperature. The Sea of Cortez is a very seasonal sea, which means it changes rapidly based on the seasons. Our trips begin in mid-September where the temperatures are in the high 70's and low 80's Fahrenheit. It gets warmer as we go south. The temperatures drop an average of 2 degrees Fahrenheit every week. For the trips in October, divers can anticipate the low to mid 70's in the northern part of the Sea of Cortez.

We absolutely recommend exposure protection (wetsuits/light drysuits) on our trips. Many guests have found that a 3mm wetsuit with a hooded vest works best for the first trip of the season. For the second and third, most guests prefer a 5mm wetsuit with a hooded vest. Gloves and dive lights are permitted and recommended.

The dress is casual. Bring a light jacket. Do not forget your hat, sunglasses, and sunscreen. Stream2Sea makes reef-safe sunscreen, and we have a link on our website and our guests receive a 10% discount.

SPECIAL NOTE - BEES

At some of the islands, we can encounter swarms of honeybees that come to the boat in search of fresh water in the rinse tanks and near the outside showers. We encourage everyone to wear foot coverings when walking around the deck. Divers who may have an anaphylactic response to bee stings are advised to carry their own

EpiPen or equivalent. As some of these epinephrine devices need to be stored at 68-77F, we will keep them in the galley. Please see the lead divemaster or captain when boarding so we can store these for you.

RENTAL DIVE EQUIPMENT

We have a limited number of regulators, BCDs, and HP steel 100cft/12L steel tanks available for rental at \$50 each, per trip. We also have Shearwater Peregrine computers for rent at \$75 each, per trip. Please let us know as early as possible prior to your trip if you want to rent equipment so we have it onboard for you. We do not rent exposure suits, hood, fins, masks, safety sausages (SMB's), whistles or lights. As we have a limited number of these items available to rent, they are available on a first-come, first-served basis. Please contact Valerie in Guest Services to reserve your equipment at Documents@MexicoLiveboards.com.

ENTERTAINMENT

Feel free to bring your own books, CD's, and DVDs. We have a limited collection of these onboard and the crew especially appreciates new entertainment.

SPECIAL OCCASIONS

If you are celebrating any special occasion while onboard such as a birthday, engagement, anniversary, or honeymoon, please let us know on your passenger document so we can be prepared to celebrate with you!

WE HIGHLY RECOMMEND YOU PURCHASE TRAVEL INSURANCE.

UNFORESEEN EVENTS / TRIP INSURANCE / TRIP INTERRUPTION

Rocio del Mar Liveaboard is of the utmost seaworthiness and is approved by the US Coast Guard and Mexican Coast Guard. Rocio del Mar is equipped with state-of-the-art electronics and all required safety equipment.

Passenger safety is paramount and therefore the captain has the sole discretion to change, delay, return early or cancel the cruise if necessary. These reasons include but are not limited to bad weather, perils of the sea, acts of God, political incidents, or force majeure.

Trip insurance is suggested as it provides you with reimbursement for unused, non-refundable, pre-paid trip costs if you are prevented from taking your trip due to a covered reason. All trip insurance is not the same, so it is important to make sure that you purchase travel insurance that includes travel interruption.
