

HortiPower Bloomer 2 HP-BULB-E27-9W

PRODUCT CHARACTERISTICS

Grow with plant-centric light

Let your herbs and plants grow with HortiPower Bloomer 2. This special plant-centric bulb supports the growth and development of leafy greens, herbs, berries, flowers and decorative plants. It emits the right light that the plants need for their health and wellbeing. The light spectrum, light intensity and other characteristics are optimized to make your plants grow well. The light color is white with a soft pink color tone.

Fits in your interior

Every interior is unique. Use a lighting fixture that you prefer with a universal E27 fitting. The Bloomer 2 is very easy to install. You do not need any special tools and it is as easy as replacing a normal light bulb.

Sustainable and the whole year round

You save up to 50% of energy compared to fluorescent lights or regular light bulbs. With photosynthetically effective light becomes growing plants easier. Even in the winter and in darker spots indoors you can keep plants alive and let them thrive indoors.

Plants

- Herbs: Cress, Basil
- Leafy greens: Lettuce, Rocket
- Plants and flowers: Succulents, Orchids, Anthurium, Monstera, Philodendron, Ferns
And many more

SPECIFICATIONS

Voltage	AC 100-240V
Wattage	9W
Plant-light	19 μmol
Micromole @ 20 cm	63 $\mu\text{mol}/\text{m}^2/\text{s}$
Lumen	750lm
Color	White with soft pink tone, 4500K
CRI	80+
IP rating	IP20
Lifetime	25.000 hours L70@25°C
Fitting	A21 shape, E27 fitting
Dimensions	L 133mm x D 70mm
Weight	0.127 Kgs/pcs
Dimmability	Non-dimmable, instant on (<i>default</i>) Optional: Dimmable with compatible LED dimmers
Conform	CE, RoHS, UKCA
Origin	Designed in the Netherlands Made in China

ORDERING INFORMATION

VISUALS

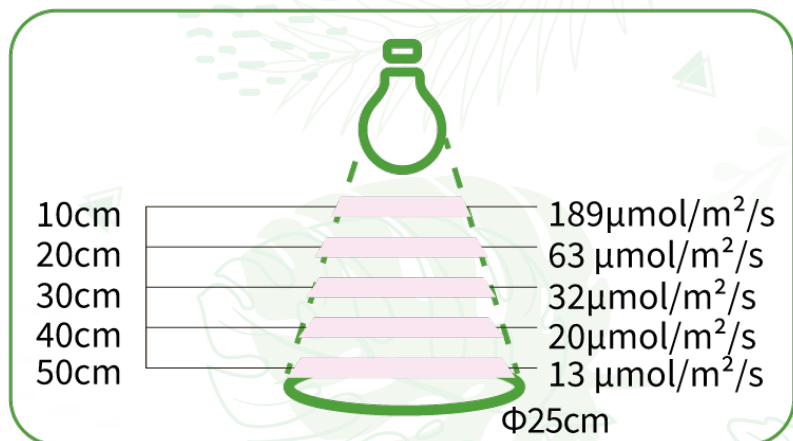

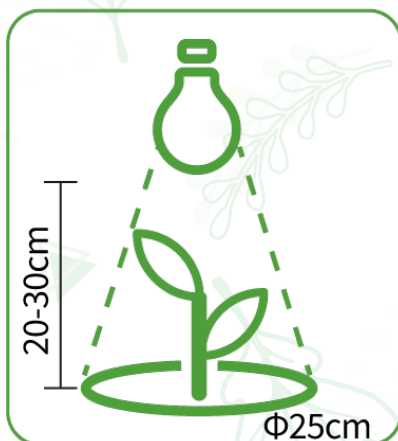

SPECTRUM

This spectrum supports plant growth and development. It encourages photosynthesis and rooting in plants including a better nutrient intake. This spectrum is developed using Lightscripts™ of HortiPower Nurser 1 (out of 64.000 possible combinations). It is validated with scientists and many enthusiastic users and happy plants.

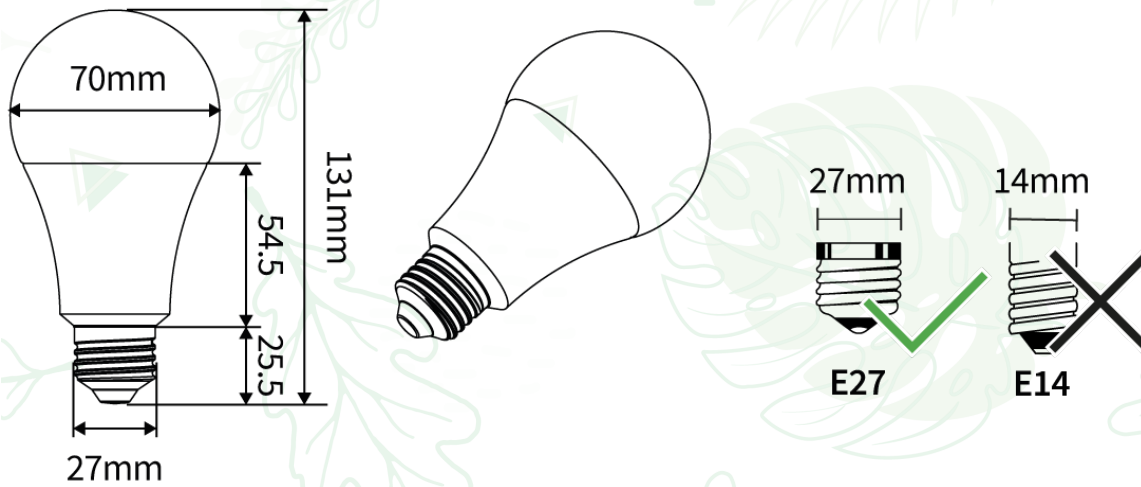

INSTALLATION

PRODUCT SPECIFICATIONS

Install the light nearby the plant, but make sure the leaves do not touch the light.
If you are looking for a larger propagation area or shelf, please ask your dealer for HortiPower Nurser 3.

This light is designed for a fixture with an E27 fitting. It is not suitable for an E14 fitting.

WARRANTY

2 years. Warranty conditions and terms of use apply.

PRODUCT NORMS

This product is designed according to EcoDesign, RoHS, CE directives.

For questions or feedback please ask your dealer or contact us through info@hortipower.com or @hortipower on social media. We're happy to help.
