

alleva

Our expertise dates back on 1901, year of creation of the very first natural product line for pet care and pet health in veterinary French market. Nowadays, we represent a multinational team of experts in clinical pet nutrition, pet food producers and professional breeders of cats and dogs, joined by the passion and love for animals. We base the development of our products on scientific evidences, we perform studies on our foods in a completely ethic and cruelty-free way, using our highest-quality, completely natural pet foods and pet care products on animals living in family conditions or that are naturally affected by disease. In this way, we cure them for free and at the same time we prove the efficacy of our products. All our efforts, in the last 120 years, are aimed to ensure the wellbeing and longevity of Your pets.

Our self-owned Italy-based pet food production Company uses selected, natural and very qualitative ingredients, processed with the most advanced technologies. Since we know what we put inside our kibbles, and we want to preserve the nutritional quality of the ingredients, we “steam cook” all our products, with a gentle thermal treatment essential to provide digestibility and preserving at the same time as much as possible the nutritional characteristics of the selected ingredients.

Our production plant is certified by ISO 22000 (typically applied to human-grade food productions) and ISO 9001. Along with that, we follow the Best Practices of Manufacturing to combine the technology and the respect of the natural environment, safety and quality control, being able to count on a fully equipped internal laboratory, where we can investigate and ensure the quality of every food ingredient used and of each finished product released.

Steam
Cooked

Aloe vera: supports immune system activity and favors skin cicatrization

With root of natural ginseng for vitality

Cloves, lemon, turmeric, rosemary: help to limit cellular aging

With Cannabis sativa apical leaves and inflorescence

No Cruelty

Grain
Free

Holistic

DOG

Alleva Holistic is the excellence of Italian Pet Food.

It is a delicately steam cooked product to preserve the quality of the ingredients; its freshness is guaranteed by the use of natural antioxidants and it has been formulated with a high quantity of animal proteins and fats from high quality raw materials. These are selected after careful analysis and used both fresh, to ensure palatability and essential aminoacids, and dehydrated, for a more concentrated protein load. The very low amount of starch sources present in the formula are chosen according to their qualities, selecting low glycemic index sources (that slowly release glucose in the intestine) which translates into longer energy supplying. To the product we also add powerful cocktails of completely natural phytonutrients with high functional activity, to reach the holistic goal. To complete formula, an important supplementation of taurine and L-carnitine for the functionality of vital tissues and chondroitin and glucosamine for joint support.

CHICKEN & DUCK + ALOE VERA & GINSENG

PUPPY MINI DOG

Composition: Dehydrated chicken (45%), deboned fresh chicken (20%), dehydrated duck (10%), sweet potato, chicken fat, pea starch, fish oil, chicken liver, chicory root (source of inulin and F.O.S.), pea fiber, psyllium, dried inactivated brewers' yeast (source of M.O.S.), chicken cartilage (source of glucosamine and chondroitin sulfate), potassium carbonate, Aloe vera (0,10%), ginseng root (Panax ginseng) (0,10%), rosemary, turmeric, cloves, lemon (Rosmarinus officinalis, Curcuma longa, Eugenia caryophyllus, Citrus sp.) (0,05%), Yucca juice.

Analytical compounds: Crude protein 38,00%; Crude fat 22,00%; Crude fibre 1,40%; Moisture 9,00%; Crude ash 8,40%; Starch 20,00%; Calcium 1,70%; Phosphorus 1,20%; Sodium 0,50%; Omega-6 2,50%; Omega-3 1,30%; DHA 0,40%; EPA 0,70%; Glucosamine 1.300mg/kg; Chondroitin sulfate 1.100mg/kg. Metabolizable Energy (CEN): 4.181 kcal/kg; 17,5 MJ/kg, of which 34% from protein and 40% from fat.

Monoproteic: single source of animal proteins

High amount of Omega-3 to support the dermic function

Glucosamine and chondroitin: support for joints

No Cruelty Test

Low Grain

alleva

natural

Alleva Natural is the Low Grain (low in cereals) of the Alleva range.

It is a gently steamed product to preserve the quality of the ingredients, and its freshness is guaranteed by the use of natural antioxidants with very high efficacy such as rosemary and green tea extracts and vitamin E. It has been formulated with animal protein and fat sources of very high quality, selected after careful analysis and used both fresh, to ensure palatability, and dehydrated, for a more concentrated protein charge. The moderate amount of starch present in the formula is chosen according to its properties, using mainly a lower amount of brown rice, with a low glycemic index. This results in a slower release of glucose in the intestine compared to traditional starch sources, which means longer energy. To complete the formula we add a good quantity of pumpkin, excellent for promoting intestinal well-being, a high integration of taurine and L-carnitine for the functionality of vital tissues and chondroitin and glucosamine for joint support.

CHICKEN & PUMPKIN

PUPPY MINI DOG

Composition: Dehydrated chicken (40%), deboned fresh chicken (20%), brown rice, chicken fat, pea starch, dried pumpkin (5%), fish oil, dried beetroot pulp, chicken liver, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), bicalcium phosphate, potassium carbonate, glucosamine, chondroitin sulphate, Yucca juice.

Analytical compounds: Crude protein 30,00%; Crude fat 22,00%; Crude fibre 1,40%; Crude ash 7,00%; Calcium 1,50%; Phosphorus 1,00%; Omega-6 2,50%; Omega-3 0,90%; DHA 0,30%; EPA 0,40%; Glucosamine 1.000mg/kg; Chondroitin sulfate 800mg/kg. Metabolizable Energy (CEN): 4.200 kcal/kg; 17,6 MJ/kg.

Alleva Equilibrium is the line for sensitive dogs of Alleva.

It is a gently steam cooked product to preserve the quality of the ingredients, and its freshness is guaranteed by the use of natural antioxidants with very high efficacy such as rosemary, green tea and vitamin E. It contains a moderate content of proteins and fats from a selected range of animal sources, and sources of starch such as rice are selected for their high digestibility and prompt release of energy. The use of fresh meat to ensure palatability and the dehydrated one for a more concentrated protein charge, raises the quality of the products. The formula is completed by the addition of fruits and vegetables as an additional source of natural antioxidants and soluble fibers, with the use of taurine for the functionality of vital tissues and chondroitin and glucosamine for joint support. To complete the range, a "light" product that contains brown rice as the main source of low glycemic index carbohydrates, to control the release of glucose in the intestine and prolonging the use of absorbed energy.

SENSITIVE OCEAN FISH

PUPPY ALL BREEDS DOG

Composition: Ocean fish (42%) (of which 80% dehydrated and 20% fresh), rice (25%), fish oil, pea starch, vegetable fiber of peas, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 30,00%; Crude fat 20,00%; Crude fibre 1,70%; Crude ash 7,50%; Calcium 1,50%; Phosphorus 1,10%; Omega-6 2,00%; Omega-3 1,60%; Glucosamine 500mg/kg; Chondroitin sulfate 400mg/kg. Metabolizable Energy (CEN): 4.065 kcal/kg; 17,1 MJ/kg.

12 Kg

2 Kg

SENSITIVE LAMB

PUPPY MINI/MEDIUM DOG

Composition: Lamb (45%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, chicken fat, vegetable fiber of peas, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 30,00%; Crude fat 20,00%; Crude fibre 1,50%; Crude ash 7,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,50%; Omega-3 0,30%; Glucosamine 500mg/kg; Chondroitin sulfate 400mg/kg. Metabolizable Energy (CEN): 4.081 kcal/kg; 17,15 MJ/kg.

2 Kg

SENSITIVE LAMB

PUPPY ALL BREEDS DOG

Composition: Lamb (45%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, chicken fat, vegetable fiber of peas, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 30,00%; Crude fat 20,00%; Crude fibre 1,50%; Crude ash 7,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,50%; Omega-3 0,30%; Glucosamine 500mg/kg; Chondroitin sulfate 400mg/kg. Metabolizable Energy (CEN): 4.081 kcal/kg; 17,15 MJ/kg.

12 Kg

CHICKEN & OCEAN FISH

ADULT ALL BREEDS DOG

Composition: Chicken (28%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, dehydrated ocean fish (8%), chicken fat, vegetable fiber of peas, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 15,00%; Crude fibre 2,00%; Crude ash 6,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,40%; Omega-3 0,32%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.840 kcal/kg; 16,1 MJ/kg.

2 Kg

CHICKEN & OCEAN FISH

ADULT MEDIUM/MAXI DOG

Composition: Chicken (28%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, dehydrated ocean fish (8%), chicken fat, vegetable fiber of peas, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 15,00%; Crude fibre 2,00%; Crude ash 6,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,40%; Omega-3 0,32%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.840 kcal/kg; 16,1 MJ/kg.

12 Kg

SENSITIVE OCEAN FISH

ADULT MINI/MEDIUM DOG

Composition: Ocean fish (38%) (of which 80% dehydrated and 20% fresh), rice (25%), pea starch, fish oil, vegetable fiber of peas, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 13,00%; Crude fibre 2,50%; Crude ash 6,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,20%; Omega-3 0,90%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.710 kcal/kg; 15,6 MJ/kg.

2 Kg

SENSITIVE OCEAN FISH

ADULT MEDIUM/MAXI DOG

Composition: Ocean fish (38%) (of which 80% dehydrated and 20% fresh), rice (25%), pea starch, fish oil, vegetable fiber of peas, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 13,00%; Crude fibre 2,50%; Crude ash 6,50%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,20%; Omega-3 0,90%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.710 kcal/kg; 15,6 MJ/kg.

12 Kg

SENSITIVE LAMB & OCEAN FISH

ADULT MINI/MEDIUM DOG

Composition: Lamb (30%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, chicken fat, dehydrated ocean fish (5%), vegetable fiber of peas, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 26,00%; Crude fat 16,00%; Crude fibre 3,00%; Crude ash 7,20%; Calcium 1,50%; Phosphorus 1,00%; Omega-6 1,75%; Omega-3 0,27%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.780 kcal/kg; 15,9 MJ/kg.

2 Kg

SENSITIVE LAMB & OCEAN FISH

ADULT MEDIUM/MAXI DOG

Composition: Lamb (30%) (of which 80% dehydrated and 20% fresh), rice (25%), corn, chicken fat, dehydrated ocean fish (5%), vegetable fiber of peas, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 26,00%; Crude fat 16,00%; Crude fibre 3,00%; Crude ash 7,20%; Calcium 1,50%; Phosphorus 1,00%; Omega-6 1,75%; Omega-3 0,27%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.780 kcal/kg; 15,9 MJ/kg.

12 Kg

SENSITIVE PORK

ADULT ALL BREEDS DOG

Composition: Pork (35%) (of which 80% dehydrated and 20% fresh), rice (25%), pea starch, animal fats, dried beetroot pulp, fish oil, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 27,00%; Crude fat 17,00%; Crude fibre 2,00%; Crude ash 6,50%; Calcium 1,50%; Phosphorus 1,00%; Omega-6 1,10%; Omega-3 0,40%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.927 kcal/kg; 16,5 MJ/kg.

2 Kg

SENSITIVE PORK

ADULT MEDIUM/MAXI DOG

Composition: Pork (35%) (of which 80% dehydrated and 20% fresh), rice (25%), pea starch, animal fats, dried beetroot pulp, fish oil, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 27,00%; Crude fat 17,00%; Crude fibre 2,00%; Crude ash 6,50%; Calcium 1,50%; Phosphorus 1,00%; Omega-6 1,10%; Omega-3 0,40%; Glucosamine 400mg/kg; Chondroitin sulfate 350mg/kg. Metabolizable Energy (CEN): 3.927 kcal/kg; 16,5 MJ/kg.

12 Kg

WEIGHT CONTROL

ADULT MINI/MEDIUM DOG

Composition: Chicken (30%) (of which 80% dehydrated and 20% fresh), brown rice (30%), dehydrated ocean fish (8%), vegetable fiber of peas, pea starch (8%), chicken fat, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 9,00%; Crude fibre 6,00%; Crude ash 7,00%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,60%; Omega-3 0,25%; Glucosamine 500mg/kg; Chondroitin sulfate 400mg/kg. Metabolizable Energy (CEN): 3.270 kcal/kg; 13,7 MJ/kg.

2 Kg

WEIGHT CONTROL

ADULT ALL BREEDS DOG

Composition: Chicken (30%) (of which 80% dehydrated and 20% fresh), brown rice (30%), dehydrated ocean fish (8%), vegetable fiber of peas, pea starch (8%), chicken fat, chicken livers, chicory root (source of inulin and F.O.S.), dried inactivated brewers' yeast (source of M.O.S.), dried fruits and vegetables (blueberry 0,40%, cranberry 0,40%, apple 0,20%, carrot 0,20%), calcium carbonate, glucosamine, chondroitin sulfate, Yucca juice.

Analytical compounds: Crude protein 28,00%; Crude fat 9,00%; Crude fibre 6,00%; Crude ash 7,00%; Calcium 1,40%; Phosphorus 0,90%; Omega-6 1,60%; Omega-3 0,25%; Glucosamine 500mg/kg; Chondroitin sulfate 400mg/kg. Metabolizable Energy (CEN): 3.270 kcal/kg; 13,7 MJ/kg.

12 Kg

Aloe vera: supports immune system activity and favors skin cicatrization

With root of natural ginseng for vitality

Cloves, lemon, turmeric, rosemary: help to limit cellular aging

With Cannabis sativa apical leaves and inflorescence

Natural sugarcane fiber: reduces food calories and favors the glycaemic control

Natural sugarcane fiber: helps to control hairball formation

No Cruelty Test

Grain Free

Holistic

CAT

Alleva Holistic is the excellence of Italian Pet Food.

The cat is a “hypercarnivorous” animal and it is therefore even more important to choose a food based on quality and quantity of ingredients of animal origin. These in Holistic products represent between 80% and 90% of the entire formula, therefore they can contribute to more than the 98% of the total protein content of the kibble. These animal proteins contain a high percentage and balance of essential amino acids, which are particularly absorbable because extremely valuable to the body. All this translates into a product with very high biological value, studied specifically to meet the needs of your small hunter.

CHICKEN & DUCK + ALOE VERA & GINSENG

KITTEN

Composition: Dehydrated chicken (45%), deboned fresh chicken (20%), dehydrated duck (12%), sweet potato, chicken fat, pea starch, fish oil, chicken liver, chicory root (source of inulin and F.O.S.), pea fiber, psyllium, dried inactivated brewers' yeast (source of M.O.S.), chicken cartilage (source of glucosamine and chondroitin sulfate), potassium carbonate, Aloe vera (0,10%), ginseng root (Panax ginseng) (0,10%), rosemary, turmeric, cloves, lemon (Rosmarinus officinalis, Curcuma longa, Eugenia caryophyllus, Citrus sp.) (0,05%), Yucca juice.

Analytical compounds: Crude protein 44,00%; Crude fat 20,00%; Crude fibre 1,40%; Moisture 7,00%; Crude ash 8,40%; Starch 17,00%; Calcium 1,60%; Phosphorus 1,30%; Sodium 0,50%; Magnesium 0,09%; Omega-6 2,50%; Omega-3 1,30%; DHA 0,40%; EPA 0,70%; Glucosamine 1.300mg/kg; Chondroitin sulfate 1.100mg/kg. Metabolizable Energy (CEN): 4.174 kcal/kg; 17,5 MJ/kg, of which 39% from protein and 43% from fat.

1,5 Kg

400 g

CHICKEN & DUCK + ALOE VERA & GINSENG

ADULT CAT

Composition: Dehydrated chicken (42%), deboned fresh chicken (20%), dehydrated duck (12%), sweet potato, chicken fat, pea starch, fish oil, pea fiber, chicken liver, chicory root (source of inulin and F.O.S.), psyllium, dried inactivated brewers' yeast (source of M.O.S.), chicken cartilage (source of glucosamine and chondroitin), potassium carbonate, Aloe vera (0,10%), ginseng root (Panax ginseng) (0,10%), rosemary, turmeric, cloves, lemon (Rosmarinus officinalis, Curcuma longa, Eugenia caryophyllus, Citrus sp.) (0,05%), Yucca juice.

Analytical compounds: Crude protein 42,00%; Crude fat 18,00%; Crude fibre 2,00%; Moisture 7,00%; Crude ash 8,30%; Starch 19,00%; Calcium 1,70%; Phosphorus 1,30%; Sodium 0,55%; Magnesium 0,09%; Omega-6 2,40%; Omega-3 1,20%; DHA 0,40%; EPA 0,60%; Glucosamine 1.300mg/kg; Chondroitin sulfate 1.100mg/kg. Metabolizable Energy (CEN): 4.045 kcal/kg; 16,9 MJ/kg, of which 39% from protein and 40% from fat.
