Welcome to SofaSofa

When my family set up our first upholstery workshop almost 40 years ago we had one simple aim; to produce high quality British upholstery for sale direct to the public. Cutting out the retail middleman was a pretty revolutionary idea back then, and I guess we were pioneering in a way. But we recognised that the public were getting a raw deal from retailers and we could offer significant price reductions by selling direct with prices free from retail overheads and profit margins.

Nowadays, the concept of direct selling is not so unique, but it is no less effective. We continue to manufacture all our products in-house in one of our three production workshops in South Wales and deliver direct to households across the UK. Our prices remain unburdened by retailer mark ups or financial gimmicks. We also don't believe in renting expensive city showroom space, preferring to keep our costs and prices as low as possible.

Of course not having numerous showrooms cuts down on cost, but it also means our customers cannot always travel to our factory showroom to try before they buy. Our solution to this is quite simple. Our no risk 21 day money back guarantee allows customers to try their new furniture risk free not in a showroom, but in the place that really matters, their home; and not for a couple of hours but for three weeks.

Since we began in 1981, we have always manufactured our sofas and chairs exclusively in the UK. We have built up a highly skilled team of cutters, sewing machinists and upholsterers many of whom have been with us since our early days. We are proud to continue a long tradition of British upholstery craftsmanship and we look forward to helping you choose your next Great British Sofa.

Lloyd Ridgwell
Chief Executive

10 Great reasons to buy from SofaSofa

Workshop direct prices

21 day no risk home trial
