THANK YOU!

Thank you for your purchase of the Tobenone USB-C Dual Display Docking Station UDS-14! Our docking station provides the ability to connect up to two 4K displays, gigabit Ethernet, audio input and output, and 4 additional USB peripherals to your system via ONE dual USB-C cable.

Attach USB 3.0 and USB-C devices(USB drive, USB-C device, keyboard, mouse,etc.) to the USB ports on both the front and back of the dock(③④⑤⑥⑦).

NOTE: USB-C front port supports data transfer and offers to charge for USB-C device, no DisplayPort alternate mode video.

Connect speakers/headphones or microphones to the front audio ports(②). connect the ethernet cable to Ethernet port(⑬).
