# WE ARE ENTRO

ENTRO hardware is the ultimate in architectural detail and design.

ENTRO provides you with a single-source, end to end solution for your architectural hardware requirements with a complete range of quality products, the best technical advice and highest level of service in the industry.

We're for opening doors with confidence and closing them with style. With premium architectural hardware paired with impeccable support – the possibilities are endless.

# TIMBERCRAFT

The meticulous nature of timbercraft is a signature of the ENTRO brand.

American White Oak is an ENTRO select due to its durability and beautiful light blonde colour with ash overtones and is the perfect complement to any building.

American White Oak displays mostly straight grains with a medium to coarse texture to create a subtle yet elegant appearance.

ENTRO's timbercraft offers an enhanced and unique investment for any project.

# & FINISHES

## STANDARD FINISHES

American White Oak  
(OAK)

## STANDARD FINISHES

American Oak Black  
(BOK)

# LEATHERCRAFT

ENTRO leather products offer a rustic yet sophisticated palette of warm tones.

The leather is sourced from top quality European hides and are handcrafted by local artisans.

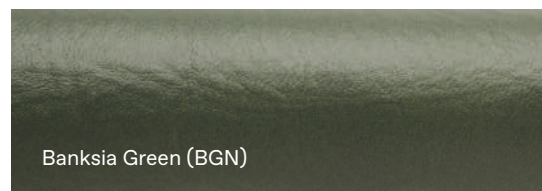

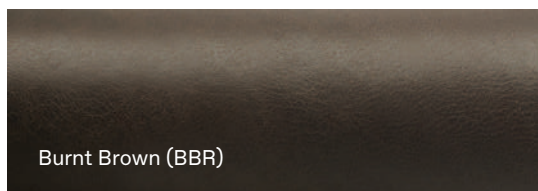

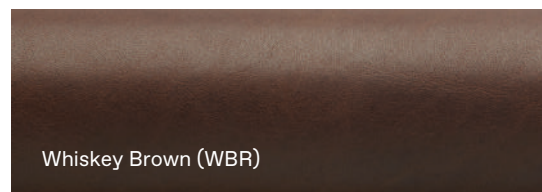

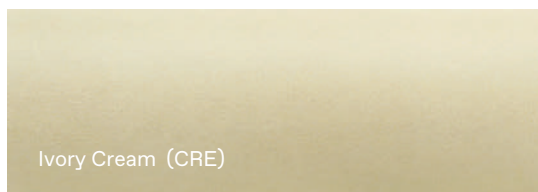

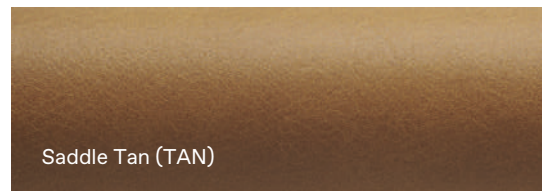

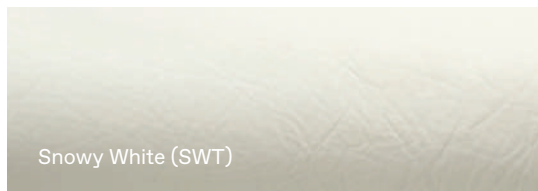

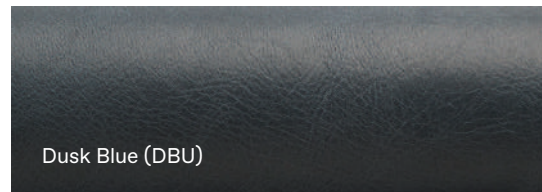

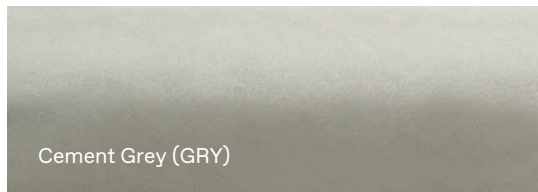

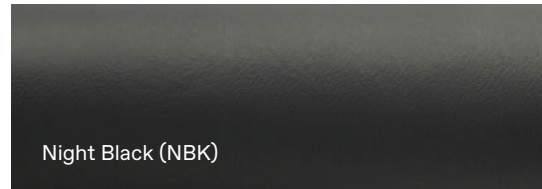

The hand cross-stitching of the leather to timber gives a timeless look and feel. Front cross-stitching is available on request.

ENTRO's leather products are made to last, with obsessive attention to detail.

# & COLOURS

Standard Leather Selection Palette.

Other leather colours available on request.

# FINISHES

Enhance your handle with an added colour feature.  
ENTRO offers a range of colour options for the handle's  
standoffs which further enhances the overall appearance.

With a large range of powdercoat colour choices,  
the finish options are endless.
