Mirka® LEROS-S 950CV

Electric random orbital sander, 225mm

The new Mirka® LEROS-S 950CV is a compact length brushless sander with a highly flexible sanding head, designed for effortless sanding of large wood and composite surfaces in manufacturing. The LEROS-S is light, balanced and easy to handle, and its large sanding pad with a 5 mm random orbit makes it possible to work faster with a more even result, for a high surface finish quality. With two dedicated grip points, you have secure control of the sanding process – and when you need more reach, the LEROS-S can also be fitted with an extension.
