Baseline Sensitivity Level:	45 grades (adjustable)
Distinct Sentisity Level:	100 grades (adjustable)
Power Consumption:	<30 W
Pass Through Rate:	60 person/min
Working Frequency:	1~16
Alarm Time Length:	1/2/3s (adjustable)
Vertical Channel Size:	2000 (H) X 700 (W) mm
Vertical Dimension Size:	2000 (H) x 820(W) x 400(D) mm
Working Voltage:	220VAC±10%, 50/60 Hz
Working Environment Temp:	-20°C-+70°C
Max Relative Humidity:	95% non-condensing
Host Packing:	745*340*240mm
