STREET FURNITURE THAT KEEPS YOUR PATRONAGE SAFE

**Another VBIED solution
Australian Bollards that
offers to help create a safe
environment for pedestrians
and shopfronts is our AB-
EAB Energy Absorbing
Bollards.**

These pedestrian and traffic safety bollards form an ideal combination with our range of Pop-Up Street Furniture providing the ultimate solution to safeguard sidewalks and pedestrian walks.

These energy absorbing bollards are capable of halting vehicles weighing 1600kg while travelling speeds up to 60 kilometres an hour across work zones, low speed roads and high foot traffic areas to protect pedestrians from hostile vehicles.
