

# PRO-TOUCH

The ultimate come-hither accessory. Sex educators teach that inserting a finger and curling in a "come-hither" motion will stimulate the G-spot or prostate. The ProTouch is the first toy designed to both reach deeper and touch at just the right angle, and comes with a mini-massager for clitoral or external prostate stimulation.

All Tantus toys are made from Tantus' own unique formula of 100% Ultra-Premium Silicone. The superior quality of Tantus silicone makes all Tantus Toys hypoallergenic, non-toxic, phthalate free, odorless, bleachable, boilable and even dishwasher safe. These factors combined make Tantus Toys the safest and most pleasurable toys on the market. A toy from Tantus is meant to be used and with minimal care Tantus Toys can last a lifetime.
