

100% ULTRA-PREMIUM SILICONE

All Tantus Toys are made from Tantus' own unique formula of 100% Ultra-Premium Silicone. The superior quality of Tantus silicone makes all Tantus Toys hypoallergenic, non-toxic, phthalate free, odorless, bleachable, boilable and even dishwasher safe. These factors combined make Tantus Toys the safest and most pleasurable toys on the market. A toy from Tantus is meant to be used and with minimal care Tantus Toys can last a lifetime.

Tantus Hurra Cane

Caning was a common form of judicial punishment and official school discipline in many parts of the world in the 19th and 20th centuries. The impact of the standard rattan cane can be very intense; Tantus Hurra Cane takes it up a couple of notches.

The Tantus Hurra Cane is a whole different type of impact toy—the possibilities are only limited to your imagination. 3/8 diameter and 15 inches of length, the Hurra Cane is flexible and yet very strong and, being Tantus Silicone, there isn't a "breaking point" unlike with Rattan. Because it's Tantus Silicone, it transmits energy very effectively and takes very little in terms of strike force. You may also use the Hurra Cane in a whip-like fashion. The handle (1.5 by 6 inches) is very effective for blunt impact play and as a potential heavily textured dildo for internal use. And, because the Hurra Cane is made from Tantus Silicone, you can thoroughly cleanse the toy. With a little care, Hurra Cane will last a lifetime.
