| 4. FIRST AID MEASURES                |   |              |  |  |  |  |
| Eye contact                          |   |              |  |  |  |  |
| Remove contacts. Flush eyes with coo | l water for at least 15 min   | utes. If irr | itation persists, seek medical help.     |  |  |  |
| Skin contact                         |   |              |  |  |  |  |
| Remove contaminated clothing and she | oes. Wash with mild soap  | and wate     | er. Seek medical attention if necessary. |  |  |  |
| Inhalation                           |   |              |  |  |  |  |
| Remove to fresh air and seek medical | assistance if necessary.  |              |  |  |  |  |
| Ingestion                            |   |              |  |  |  |  |

Rinse mouth. Do not induce vomiting. Drink water. Consult a physician.

# **5. FIRE FIGHTING MEASURES**

# **Unusual Fire and Explosion Hazards**

None known.

# Suitable extinguishing media

Water spray/mist, Foam, Carbon Dioxide (C02), and Dry Chemical. Water may be used to cool off containers.

# Unsuitable extinguishing media

Do not use a solid water stream as it may scatter and spread fire.

## Special hazards arising from the substance or mixture

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

# 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Use personal protective equipment. Evacuate personnel to safe areas. Remove all sources of ignition. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. Avoid breathing vapors, mist or gas. For personal protection see section 8.

#### **Environmental precautions**

Do not let product enter drains. Prevent further leakage or spillage if safe to do so.

### Methods and materials for containment and cleaning up

Contain material. Collect using solid absorbent material and place into appropriate waste container for disposal according to local regulations (See section 13). Keep in suitable, closed containers for disposal.

# 7. HANDLING AND STORAGE

#### Precautions for safe handling

For industrial use only. Use with adequate ventilation. Keep away from heat and flame.

#### Conditions for safe storage

Keep containers tightly closed in a dry, cool and well-ventilated place.

# **8. EXPOSURE CONTROLS AND PERSONAL PROTECTION**

#### Eye protection

Wear safety glasses with side shields or goggles.

#### Skin protection

Chemical resistant gloves recommended.

#### **Respiratory protection**

Proper ventilation, engineering controls, such as local exhaust ventilation, and if necessary, a NIOSH certified respirator with appropriate cartridges is highly recommended.

#### General hygiene considerations

Always observe good personal hygiene measures, such as washing your hands after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical State  | : Liquid.               |
|-----------------|-------------------------|
| Colour          | : Clear.                |
| Odour           | : Conforms to Standard. |
| Odour threshold | : Not established.      |
| рН              | : Not measured.         |

www.windypointsoap.com SAFETY DATA SHEET Date: June 24, 2019

| Freezing point                          | : Not applicable. |
|---|-------------------|
| Initial boiling point and boiling range | : 100°C.          |
| Flash point                             | : >93°C           |
| Evaporation rate                        | : Not measured.   |
| Explosive limits                        | : Not measured.   |
| Vapour pressure                         | : Not measured.   |
| Vapour density                          | : Not measured.   |
| Solubility(ies)                         |                   |
| Solubility (water)                      | : Soluble.        |
| Partition coefficient (n-octanol/water) | : Not measured.   |
| Auto-ignition temperature               | : Not measured.   |
| Decomposition temperature               | : Not measured.   |
| Viscosity                               | : Not measured.   |
| Specific gravity                        | : 1.13.           |

# **10. STABILITY AND REACTIVITY**

### Reactivity

The product is non-reactive under normal conditions of use, storage, and transport.

### **Chemical stability**

Material is stable under normal conditions

### Possibility of hazardous reactions

No dangerous reaction known under conditions of normal use.

### **Conditions to avoid**

Heat, flames and sparks. Extremes of temperature and direct sunlight.

#### Incompatible materials

Keep away from strong oxidizing agents, heat and open flames.

## Hazardous decomposition products

When heated, may produce unpleasant fumes and/or smoke. Combustion may produce Carbon Monoxide and/or Carbon Dioxide.

### Possibility of hazardous reactions

No dangerous reactions known under conditions of normal use.

# **11. TOXICOLOGICAL INFORMATION**

### Inhalation

No adverse effects due to inhalation are expected under normal use.

## Skin contact

Not expected to cause skin problems under normal use conditions.

## Eye contact

Not expected to cause eye problems under normal use conditions.

### Ingestion

Under normal use conditions, this product is not expected to cause adverse health effects.

## Carcinogenicity

This product does not contain any carcinogenic substances as classified by IARC, NTP, ACGIH or OSHA.

### Primary Route(s) of Entry

## **Acute Toxicity Values**

The acute effects of this product have not been tested. Data on individual components are tabulated below.

| CAS-No. | Chemical Name | Oral LD50 | Dermal LD50 | Vapor LC50 |
|---------|---------------|-----------|-------------|------------|
|         |               |           |             |            |

No hazardous items exist

# **12. ECOLOGICAL INFORMATION**

### **Ecological information**

Normal recommended use releases little of the product to the environment. Responsible manufacturing applications should include provisions for spill containment and measures to control loss of volatiles.

# **13. DISPOSAL CONSIDERATION**

### **Disposal instructions**

Do not discharge into drains, water courses or onto the ground. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with material or used container. Dispose of material in accordance with applicable federal, state and local regulations.
