Skin contact: Wash affected area immediately with soap and plenty of water. Remove all contaminated clothing and shoes. Consult physician if symptoms persist or in all cases

Section 5: Fire Fighting Measures

General Info: NFPA Class IIIB combustible liquid. This liquid floats on water and may travel to a source of ignition and spread fire. Use self-contained breathing apparatus and protective suit. Keep containers and surroundings cool with water spray. Lower explosion limit approximately 1.0% (V). Upper explosion limit approximately 8.0% (V).

Extinguishing Method / Water spray, Carbon dioxide (CO₂), dry chemical, alcohol-resistant foam.

Equipment:

Hazardous Decomposition Info: None specified.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and procedures: Use chemical safety goggles and face shield for eye/face protection. Wear suitable protective clothing. Use NIOSH approved respiratory protection in emergencies or when excessive airborne mists and vapors are present.

Environmental Precautions: Do not flush into surface water or sanitary sewer system.

Containment Equipment and Procedures: Evacuate personnel to safe areas. Remove all sources of ignition.

Cleanup Procedures: Contain spillage and then collect with non-combustible absorbent material (e.g., sand, earth, diatomaceous earth, vermiculite.) Place in container for disposal according to local/national regulations. Material can create slippery conditions.

Section 7: Handling and Storage

Safe Handling Precautions: Use with adequate ventilation. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Remove and wash contaminated clothing before reuse.
