

## Safety Data Sheet

### Section 1: Company and Product Information

**Product Name:** Mica – Deep Green  
**INCI Name:** Mica, Titanium Dioxide, Chromium Oxide Green  
**CI:** 77019, 77891, 77288  
**Product Use:** Cosmetic and personal care applications.  
**Restrictions on Use:** Repackaged for cosmetic use only.  
**Supplier:** Windy Point Soap Making Supplies Inc.  
 14, 6125-12th Street SE  
 Calgary, AB T2H 2K1  
 587-318-6678 / 877-257-0030  
**Emergency Response:** None

### Section 2: Hazard Identification

**Classification of the substance or mixture**  
**According to Regulation (EC) No. 1272/2008(CLP):** Not classified  
**According to Directive 67/548/EEC & Directive 1999/45/EC:** Not classified  
**Additional information:** Not available  
**Label elements**  
**Hazard pictogram(s):** Not applicable  
**Signal word(s):** Not applicable  
**Hazard statement(s):** Not applicable  
**Precautionary Statements:** Not applicable  
**Other Hazards:** None known

### Section 3: Composition / Information on Ingredients

| Name                 | CAS No.    | EINECS No. | Colour Index | Chemical Composition | Hazard Classification - According to directive 67/548/EEC & Directive 1999/45/EC, Regulation (EC) No. 1272/2008(CLP) |
|----------------------|------------|------------|--------------|----------------------|----------------------------------------------------------------------------------------------------------------------|
| Mica                 | 12001-26-2 | 310-127-6  | 77019        | 48-54                | Not classified                                                                                                       |
| Titanium Dioxide     | 13463-67-7 | 236-675-5  | 77891        | 45-51                | Not classified                                                                                                       |
| Chromium Oxide Green | 1308-38-9  | 215-160-9  | 77288        | 0-1                  | Not classified                                                                                                       |

### Section 4: First Aid Measures

**Description of first aid measures**  
**Inhalation: in case of accident by inhalation:** Remove causality to fresh air and keep at rest  
**Skin contact:** Wash affected skin with plenty of water  
**Eye contact:** If contact with eyes directly, flush with gently flowing fresh water thoroughly; if eye irritation persists, get medical advice/attention  
**Ingestion:** If ingested, wash out mouth with water, drink milk or egg white  
**Notes to physician:** No special measures are required  
**Most important systems and effects, both acute and delayed**  
**Acute:** None  
**Long term (repeated):** May cause irritation to the respiratory system. Cough. Increased difficulty in breathing  
**Indication of immediate medical attention and special treatment needed**  
**Recommended:**  
 a. Chest Xray  
 b. Lung functionality tests

## Safety Data Sheet

### **Section 5: Fire Fighting Measures**

**Extinguishing media**

**Suitable extinguishing media:** Extinguish with water spray, foam, or dry chemical

**Unsuitable extinguishing media:** Carbon dioxide

**Special hazards arising from the substance or mixture**

**Thermal hazards:** Noncombustible. None anticipated

**Advice for firefighters:** Fire fighters should wear complete protective clothing including self-contained breathing apparatus

### **Section 6: Accidental Release Measures**

**Personal precautions, protective equipment, and emergency procedures**

**Personal precautions** Do not breathe dust

**Personal protection equipment** Wear appropriate personal protective equipment, avoid direct contact

**In case of emergency** A self-contained breathing apparatus and suitable protective clothing should be worn in fire conditions

**Environmental precautions** Do not allow to enter drains, sewers or watercourses

**Methods and materials for containment and cleaning up:** Collect mechanically and dispose of according to Section 13. Use vacuum equipment for collecting spilt materials, where practicable

**Reference to other sections** See sections 8 and 13

### **Section 7: Handling and Storage**

**Precautions for safe handling:** Avoid breathing dust

**Conditions for safe storage, including any incompatibilities:** Keep container in a well-ventilated place

**Materials to avoid:** Not known

### **Section 8: Exposure Control / Personal Protection**

**Control parameters:** Provide adequate ventilation when using the material and follow the principles of good occupational hygiene to control personal exposures

**Exposure limit values:** Not known

**Exposure controls**

**Appropriate engineering controls:** Provide adequate ventilation to ensure that the occupational exposure limit is not exceeded. Isolate the dispersive process step away from other operations. This can be achieved by local exhaust ventilation or general ventilation

**Individual protections measures, such as personal protective equipment (PPE)**

**Hand/eye/face protection:** Wear gloves, eye protection and an approved dust mask if dust is generated during handling. Goggles giving complete protection to eyes. Dust mask covering nose and mouth

**Skin protection:** Apron or other light protective clothing, boots and plastic or synthetic rubber gloves

**Respiratory protection:** Dust mask covering nose and mouth

**Thermal hazards:** None

**Environmental exposure controls:** Avoid dust generation. Avoid accumulation of dust

## Safety Data Sheet

### Section 9: Physical and Chemical Properties

|                               |                               |
|-------------------------------|-------------------------------|
| <b>Form:</b>                  | Powder                        |
| <b>Colour:</b>                | Blackish green                |
| <b>Odour:</b>                 | Odourless                     |
| <b>pH:</b>                    | 6.0-9.0 (4% H <sub>2</sub> O) |
| <b>Boiling point °C:</b>      | Not applicable                |
| <b>Melting point °C:</b>      | Decomposes                    |
| <b>Freezing point °C:</b>     | Not applicable                |
| <b>Density</b>                | 3.0-3.1 Kg/L                  |
| <b>Bulk density:</b>          | 26-30 g/100g                  |
| <b>Vapour pressure:</b>       | Not applicable                |
| <b>Solubility (in water):</b> | Insoluble                     |
| <b>Particle size:</b>         | 10-60 µm                      |

### Section 10: Stability and Reactivity

|                                            |                                                                                                                                                                      |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Reactivity conditions:</b>              | There may be violent or incandescent reaction of the product with metals at high temperatures (e.g., aluminum; calcium; magnesium; potassium; sodium; zinc; lithium) |
| <b>Chemical stability:</b>                 | Stable under normal conditions                                                                                                                                       |
| <b>Possibility of hazardous reactions:</b> | None                                                                                                                                                                 |
| <b>Conditions to avoid:</b>                | High temperature                                                                                                                                                     |
| <b>Incompatibility:</b>                    | Strongly acidic, strongly alkaline, oxidizing agents                                                                                                                 |
| <b>Hazardous decomposition products:</b>   | No information available                                                                                                                                             |

### Section 11: Toxicological Information

|                                              |                                                           |
|----------------------------------------------|-----------------------------------------------------------|
| <b>Information on toxicological effects:</b> | This inorganic pigment in general is practically nontoxic |
| <b>Acute toxicity:</b>                       | Not available                                             |
| <b>Carcinogenicity:</b>                      | Not available                                             |

### Section 12: Ecological Information

|                                       |                                                                                |
|---------------------------------------|--------------------------------------------------------------------------------|
| <b>Toxicity:</b>                      | No data                                                                        |
| <b>Persistence and degradability:</b> | Insoluble in water. This product is predicted not to degrade in soil and water |
| <b>Bioaccumulative potential:</b>     | No data                                                                        |
| <b>Mobility in soil:</b>              | Not applicable                                                                 |

### Section 13: Disposal Information

|                                 |                                                                             |
|---------------------------------|-----------------------------------------------------------------------------|
| <b>Waste treatment methods:</b> | Dispose of contents in accordance with local, state or national legislation |
|---------------------------------|-----------------------------------------------------------------------------|

### Section 14: Transport Information

Not classed as dangerous for transport.

| International Transport Regulations  | ADR/RID        | ADN            | IMDG           | ICAO/IATA      |
|--------------------------------------|----------------|----------------|----------------|----------------|
| <b>UN number:</b>                    | Not applicable | Not applicable | Not applicable | Not applicable |
| <b>Proper shipping name:</b>         | Not applicable | Not applicable | Not applicable | Not applicable |
| <b>Transport hazard class(es):</b>   | Not applicable | Not applicable | Not applicable | Not applicable |
| <b>Packing group:</b>                | Not applicable | Not applicable | Not applicable | Not applicable |
| <b>Environmental hazards:</b>        | None           | None           | None           | None           |
| <b>Special precautions for user:</b> | None           | None           | None           | None           |

## Safety Data Sheet

**Transport in bulk according to Annex II of MARPOL73/78 and The IBC Code:** Not applicable      Not applicable      Not applicable      Not applicable

**Hazard label(s):** Not applicable  
**Additional information:** Custom tariff No. 32061900

### **Section 15: Regulatory Information**

**According to Directive 67/548/EEC & Directive 1999/45/EC** Not classified as dangerous for supply/use  
**Safety, health and environmental regulations/legislations specific for the substance or mixture** Not available

### **Section 16: Other Information**

#### **Annex to the extended Safety Data Sheet (eSDS)**

**ADR:** European Agreement concerning international carriage of Dangerous goods by Road  
**CAS:** Chemical Abstracts Service  
**EC:** European Community  
**ICAO:** International Civil Aviation Organization  
**IMDG:** International Maritime Dangerous Goods  
**IATA:** International Air Transport Association
