

**Section 1: Company and Product Identification**

---

**Product Name:** N-Acetyl Glucosamine - NAG

**INCI Name:** N-Acetyl Glucosamine

**Material Uses:** Active ingredient in cosmetic and personal care applications.

**Restrictions on Use:** Repackaged for cosmetic use only

**Company:** Windy Point Soap Making Supplies Inc.  
14, 6125-12th Street SE  
Calgary, AB T2H 2K1  
587-318-6678

**Emergency Response:** (800) 225-3924 Canada, USA, Puerto Rico

**Section 2: Hazards Identification**

---

BLANK BLANK BLANK BLANK

**Hazard Pictograms:**

**Signal Word:** Not Applicable

**Hazard Classification:** Not hazardous

**Hazard Category:** Not classified.

**Hazard Statements:** None.

**Precautionary Statements:** Read label before use. Keep out of reach of children. If medical advice is needed, have product or container at hand.

**Other Hazards:** None

**Section 3: Composition / Information on Ingredients**

---

Name	Hazard Category	CAS#	Weight %
N-Acetyl Glucosamine	None	7512-17-6	99%

**Additional Information:** None.

#### Section 4: First Aid Measures

---

**Notable Exposure symptoms:** None known.

**If ingested:** Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

**If inhaled:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Get medical attention if symptoms occur. In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.

**Eye contact:** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Get medical attention if irritation occurs.

**Skin contact:** Flush contaminated skin with plenty of water. Get medical attention if symptoms occur.

#### Section 5: Fire Fighting Measures

---

**General Info:** Wear self-contained breathing apparatus and protective clothing. No specific fire or explosion hazard.

**Extinguishing Method / Equipment:** No special requirements: water spray, carbon dioxide, dry chemical powder, or an appropriate foam.

**Hazardous Decomposition Info:** Burning can produce carbon monoxide, carbon dioxide, and nitrogen oxides.

#### Section 6: Accidental Release Measures

---

**Personal precautions, protective equipment and procedures:** No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

**Environmental Precautions:** Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

**Containment/Cleanup Equipment and Procedures:** Small Spill: Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste disposal container. Dispose of via a licensed waste disposal contractor. Large Spill: Move containers from spill area. Prevent entry into sewers, water courses, basements, or confined areas. Vacuum or sweep up material and place in a designated, labeled waste disposal container. Dispose of via a licensed waste disposal contractor.

## Section 7: Handling and Storage

---

**Safe Handling Precautions:** Wear appropriate personal protective equipment (see Section 8). Follow good industrial hygiene procedures.

**Recommendations for Storage:** Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

**Specific End Use(s):** No information.

## Section 8: Exposure Control / Personal Protection

---

**Control Parameters:** None.

**General / Engineering Controls:** General mechanical ventilation is acceptable.

**Controls:**

**Eye/face protection:** Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side shields.

**Hand Protection:** Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

**Body Protection:** Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Respiratory Protection:** Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

**Thermal Hazards:** No data available

**Other:** Observe good chemical hygiene practices, washing exposed areas of the skin after handling chemical products, before eating, smoking, and using the lavatory at the end of the working period. Launder contaminated clothing before re-use. Ensure that eye wash stations and showers are available.

**Environmental Exposure Controls:** Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Section 9: Physical and Chemical Properties

---

<b>Physical State:</b> Solid	<b>Evaporation Rate:</b> Not applicable
<b>Appearance:</b> Powder	<b>Vapor Pressure:</b> Not applicable
<b>Color:</b> White	<b>Explosive Limits:</b> Not available
<b>Odor:</b> Characteristic	<b>Vapor Density:</b> Not applicable
<b>Odor Threshold:</b> No data available	<b>Specific Gravity:</b> No data available
<b>pH:</b> Not applicable	<b>Water Solubility:</b> No data available
<b>Melting Point:</b> 199 to 212°C	<b>Viscosity (cP):</b> Not applicable
<b>Freezing Point:</b> Not applicable	<b>Explosion Properties:</b> Not available
<b>Boiling Point:</b> Not applicable	<b>Oxidizing Properties:</b> Not determined
<b>Flash Point (COC):</b> Not applicable	<b>Partition coefficient:</b> Not available
<b>Auto-ignition Temperature:</b> Not available	<b>Other information:</b> None
<b>Decomposition Temperature:</b> Not available	

### Section 10: Stability and Reactivity

---

<b>Reactivity:</b> No data available.
<b>Chemical Stability:</b> Stable
<b>Possibility of Hazardous Reactions:</b> Under normal conditions of storage and use, hazardous reactions will not occur.
<b>Reactions:</b>
<b>Conditions to Avoid:</b> No data available.
<b>Incompatible Materials:</b> No data available.
<b>Hazardous Decomposition Products:</b> Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### Section 11: Toxicological Information

---

<b>Acute Toxicity:</b> Not available
<b>Irritation:</b> Not available
<b>Corrosivity:</b> Not available
<b>Sensitization:</b> Not available
<b>Repeated Dose Toxicity:</b> Not available
<b>Carcinogenicity:</b> No known significant effects or critical hazards.
<b>Mutagenicity:</b> No known significant effects or critical hazards.
<b>Toxicity for reproduction:</b> No known significant effects or critical hazards.

### Section 12: Ecological Information

---

**Toxicity:** No ecotoxicity data available.

**Aquatic Toxicity:** No data available

**Persistence and Degradability:** No data available

**Bioaccumulative Potential:** No data available

**Mobility in Soil:** Not determined

**Results of PBT and vPvB Assessment:** Not determined

**Other Adverse Effects:** No known significant effects or critical hazards

### Section 13: Disposal Information

---

**Product disposal:** The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. This material and its container must be disposed of in a safe way. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

**Container disposal:** Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues.

**Other considerations:** No further information.

### Section 14: Transport Information

---

	US DOT	EU Land Transport (ADR/RID/AND)	Sea Transport (IMDG)	Air Transport (ICAO/IATA)
<b>UN Number:</b>				
<b>UN Proper Shipping Name:</b>	Not Regulated	Not Regulated	Not Regulated	Not Regulated
<b>Transport Hazard Class(es):</b>				
<b>Packing Group:</b>				
<b>Environmental Hazards:</b>	Not applicable	Not applicable	Not applicable	Not applicable
<b>Special Precautions for User:</b>	None	None	None	None
<b>Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:</b>	Not applicable	Not applicable	Not applicable	Not applicable

**Section 15: Regulatory Information**

---

**US TSCA:** All components are listed or exempted.

**Clean Air Act section 112(b) Not listed.  
hazardous air pollutants:**

**Clean Air Act section 602 Not listed.  
Class I & II substances:**

**DEA Listed I & II Chemicals:** Not listed.

**SARA 302/304:** No products found

**SARA 311/312 Classification:** Not applicable

**US states:** No components listed in MA, NY, NJ, PA

**International Regulations:** Not listed on Chemical Weapons Convention schedules I, II, & III, Montreal Protocol, Stockholm Convention on Persistent Organic Pollutants, Rotterdam Convention on Prior Inform Consent, or UNECE Aarhus Protocol on POPs and Heavy Metals

**Australia:** All components are listed or exempted.

**Canada:** All components are listed or exempted.

**China:** All components are listed or exempted.

**Europe:** Not determined

**Japan:** All components are listed or exempted.

**Malaysia:** Not determined

**New Zealand:** All components are listed or exempted.

**Philippines:** All components are listed or exempted.

**Republic of Korea:** All components are listed or exempted.

**Taiwan:** Not determined

**Chemical Safety Assessment:** No data available

**Section 16: Other Information**

---

**HMIS:** Health 0, Flammability 0, Physical Hazards 0.

**List of Relevant R-phrases**

**(number and full text):** None.

**Disclaimer & Caution:**

Please refer to all relevant technical information specific to the product, prior to use. The information contained in this document is obtained from current and reliable sources.
