

#1 Pet Hair Remover

@analanclub
analanclub.com

Dogs and cats never fail to fascinate human beings. As a pet lover, the founder of Analan is frustrated when he takes his lovely Husky out for camping then needs to deal with a hairy trunk afterwards. In market products cannot provide an excellent solution for pet hair removal, so he decided to invent one himself.

Analan believes that pet hair should never be the boundary between you and your pet.

Brand Story

@analanclub

Just remove the pet hair easily with Analan products, and spread your no-distance love to your furry friends: take them wherever you go, hug them whenever you want.

1. anti-slip ring grip, **easy and safe** to remove pet hair, with vacuum cleaner use more efficient.

2. Exclusive patented **triangle** design specifically cleans hair embedded in corner crevices to maximize cleaning performance.

3. Three serrated grooved rubber touch surfaces for **faster** and more effective cleaning than flat rubber.

4. **New rubber lanyard** allows for easy portable brushing, a must for pet owners.

AFTER

Great for removing hair from carpets, fabric sofas, bed furniture surfaces or corners stained by cute cats and dogs without worrying about scratching the surface.

Step 1

Switch to side number 2, apply to the same area with shorter strokes.

Step 2

Switch to side number 3, proceed with short strokes until all hairs are wiped out.

Step 3

Once hairs have been swiped into one pile, gently collect them with a vacuum cleaner.

Step 4

For maintaining purposes, use a clean, damp cloth to wipe accumulated dirt and dust from the blade to maximize the cleaning efficiency.
