

ALBIREO SOFA SYSTEM WORKSHEET

ANTHONY GUERREE

Albireo Sofa by Anthony Guerrée is a flexible seating system with gentle curves and a tall backrest, offering refined style and deep comfort. With just six key modules, Albireo Sofa can achieve numerous configurations with a sense of dynamism brought by the curves of the forms. The sofa is primarily made from upholstery, and is punctuated by timber feet and optional timber side tables.

Named after the double star in the constellation Cygnus, Albireo is inspired by Guerrée's recurring dream of spending a starry night in Joshua Tree Park gazing up at the Summer Triangle asterism.

DEFINING YOUR CONFIGURATION

You can create your desired configuration using one of the following methods:

CREATE YOUR OWN CONFIGURATION

A complete list of modules can be found on page 2, including measurements. Scatter cushions included in the drawings are included with the sofa. Additional scatter cushions are available separately.

Table modules can be attached to the side of any sofa module where there is not already an arm or backrest. This table adds 26cm | 10 1/4" to the overall length or width of the seat, as relevant (extending 13cm | 5 1/8" beyond the backrest).

CHOOSE A COMMON CONFIGURATION

Find common configurations on pages 3-8. Numerous other configurations are also possible, by combining the modules in a variety of ways. Scatter cushions included in the drawings are included with the sofa.

SEAT HEIGHT

Each module's seat height is: 40cm | 15 3/4"

HARDWARE

Connection hardware will be provided to fix the individual modules into the configuration ordered.
