

Thank you for purchasing our **Overland Duffel** p/n OD501. A First in a new direction of Wolfman Travel Luggage. This extremely versatile Duffel fits in the overhead compartment on air planes, works as a great sophisticated tail trunk, and as an Overland Travel Duffel.

The Overland duffel comes with:

- A120-B Universal Tie Down Straps. User Instructions on separate page.
- Shoulder Strap,
- Back Pack Straps
- Clear Mesh Pocket

Here are a few helpful hints about the Overland Duffel Versatility.

-Shown with Shoulder Strap and Side carry handle.

-Shown With Back Pack Straps attached to Front 2" D-rings.

-Clear Mesh Pocket (Removable) The Compressions straps can attach together.

-Attaching a Bottle Holster or Rolis Bag to an End using the 2" D-Rings.
(Works Best when bag is loaded, to prevent drooping.)
