Repair Return Form

Wolfman strives to make the highest quality luggage available. Even the finest luggage can become road-weary after years of use or from unplanned mishaps. We want to help you get your damaged luggage back on your bike where it belongs. Help us help you by following these guidelines.

1. Check our website's Replacement Parts listing to see if you can do your own repair, quickly and easily.

2. **CLEAN YOUR BAG!** If your luggage needs to be sent in for repair, it **MUST BE CLEAN**. We are not able to work on gritty, muddy, greasy or fuel-stankin' bags. Our in-house seamstress has to handle the bag, seam rip apart the bag without damage to the fabric, put it into her sewing machine, and put new parts onto the bag while this is resting on her lap and on our department tables. If there is any mud, sand or other crud it effects all aspects of the repair. There will be a charge of up to \$20 if we need to re-clean your bag. More \$ if you didn't even try. Please follow these cleaning instructions:

Hand Cleaning:

- Dump or rinse grime out of the bag interior.
- Stuff bags to expose grit-filled creases. Pillows, old towels, or newspapers work.
- Use a brush and mild detergent to clean bag exterior.
- Rinse well, open all closures, (take the dang pillows out) and allow to dry.

Machine Method:

- Remove all stiffeners and harnesses.
- Use Mild Detergent i.e. Woolite.
- Cold Water.
- Gentle Cycle.

- Open all closures and Line dry.
- DO NOT PUT IN DRYER** as heat will remove the Urethane coating.

3. Fill out this repair form and include it with your shipment:

Your Name: _____

Return Shipping Street Address: _____

City: _____

State/Province: _____

Zip/Postal Code: _____

Country: _____

Phone Number: _____

E-Mail: _____

What needs to be fixed?**: _____
