IMPORTANT: MagScapes wallcoverings can act as a conductor of electricity due to the ferrous content in the vinyl – do not allow it to come into contact with exposed wires, and take care when installing around electrical wiring and boxes. Turn electricity off.

MagLiner: DECORATOR GUIDE

Configuration

MagLiner Wallcoverings may be hung in any of the configurations shown above.

Tools:

- A felt or sponge roller for paste application
- Scissors or sharp blade knife
- Straight edge
- Soft wallpaper brush
- Microfibre cloth or sponge

Wall preparation:

- ensure the wall surface is clean, dry, sound, mirror smooth and free from paint or chemicals.
- best results will be obtained if the base plaster is sealed with a PVA sealer.
- where necessary fill holes with filler and use fine sandpaper to smooth.

Hanging guide:

- allow wallcoverings to adjust to room temperature
- cut wallcovering into required lengths.
- ensure wallcoverings are hung using MagFix or any high quality ready mixed adhesive.
- pour adhesive into a pasting tray and using a roller apply paste evenly to the wall (soaking is not necessary) cover an area to allow for 1-2 drops
- apply the cut lengths, edge to edge, vertically or horizontally as required
- apply MagLiner to the wall (shiny side to face the wall)
- use a soft clean wallpaper brush or microfibre cloth to flush out air bubbles and creases
- use a straight edge and sharp trimming knife at corners
- do not puncture air bubbles and do not use metal or sharp objects (other than the cutting knife) on the surface when installing the material
- remove any excess paste with a damp sponge and wipe surface clean
- leave to dry thoroughly (min 24 hrs)

Finishing options:

Wallcovering:

- hang wallcovering or digital print on top following recommended guide

Laminates:

- for dry erase or chalk laminate, carefully peel one corner back and apply to the wall in the correct position
- slowly peel backing sheet away as you apply the material, flushing air bubbles and creases as you go

Paint:

- apply all-purpose primer (Zinsser) allow to dry and then overpaint with any emulsion

Removal:

- gently strip away from wall using a scraper
- MagLiner will retain its receptive quality so may be re-used if undamaged on removal

IMPORTANT: MagScapes wallcoverings can act as a conductor of electricity due to the ferrous content in the vinyl – do not allow it to come into contact with exposed wires, and take care when installing around electrical wiring and boxes. Turn electricity off.
