THE ATLAS OF THE SEAS

ACTION SPACES

COMPASS

• If you move into this space or pass it, you can collect \$200 from the bank.

FATE & FORTUNE CARDS

• Draw the top card from the respective Fate or Fortune pile and follow its order immediately. Return the card to the bottom of the pile when done.

ALCATRAZ PRISON

• Relax! Don't sweat. You are just passing by.

MOVE TO ALCATRAZ

• Move your boat token to the Alcatraz Prison immediately! Do not collect \$200 if you pass the Compass. You can still collect docking fees, auction, upgrade properties, mortgage and trade while your boat is in here.

HOW DO I GET MY BOAT OUT OF THE ALCATRAZ PRISON? YOU ARE GIVEN 3 OPTIONS

- Pay \$100 at the start of your next turn, then roll the dice and continue sailing as usual.
- Use a "Get Bail. Leave Jail" card at the start of your next turn if you have one (or buy from another sailor). Return the card to the bottom of the pile, then roll and sail.
- Roll a double on your next turn. If you do, you are free! Roll again to decide your move. You can try rolling for a double in 3 turns. If you don't roll a double by your third turn in Alcatraz Prison, pay \$100 and use your last roll to sail on.

MARITIME LAW

WHO SAILS FIRST?

• Each voyager rolls both dice. The sailor with the highest score sails first at the compass arrow and plays passes to the left.

ON YOUR TURN

- Roll both dice.
- Move forward that number of spaces (clockwise around the board)
- Where did you land and what to do? Check **THE ATLAS OF THE SEAS**.

DOUBLES

- If you roll a double, move your token and act on the space you have landed on as usual. Roll the dice again and have another turn.
- If you roll a double for a third time in succession, you must immediately go straight to Alcatraz Prison.

AUCTION

- If you land on an unoccupied Island/ Harbor/ Port/ Canal and don't want to buy it, the Bank must auction it.
 - * The Bank starts the auction by offering the space to everyone for the original price plus \$10.
 - * Anyone can raise the bid by a minimum of the last amount raised (even the sailor who originally landed in space).
 - * The highest bidder wins the auction, pays the Bank, and takes the property card.
- If no one wants it, just sail past.

UPGRADE

- As soon as you have a set of Islands of the same color, you can start building and upgrading your properties anytime even if it's not your turn. As you upgrade the properties, place the hostel and resort tokens following the instruction:
 - * 1st Upgrade: 1 Hostel
 - * 2nd Upgrade: 2 Hostels
 - * 3rd Upgrade: 3 Hostels
 - * 4th Upgrade: Resort
- Pay the Bank the cost for upgrading the properties as shown on the property cards. Build evenly. You cannot upgrade to the next level on an island until you have built the same properties on each island of the same color set.
- You cannot build on an Island if any other island in its color set is mortgaged.

CAUTION

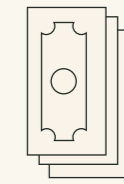

- Never loan money to other sailors, or make deals not to charge each other rent.
- You don't get a bonus for landing on International waters.
- Buy as many properties as you can.
- Consider staying in Alcatraz island prison in later games so you won't have to pay the rent.
- Buy/trade select properties with others to stop your opponents from winning.
- Start auctioning when others don't have money.
