

**HEATMASTER™**

Autumn Flame
Vent-Free Gas Logs

Features:

- Ten individually crafted and hand-painted logs that are very appealing even when not burning. Charred wood chips surrounding burner.
- For distinguished taste, “Triple Layer” hand painted log detail.
- Natural looking glowing ember bed.
- Realistic burned through look allows beautiful ember bed to smolder brightly between logs.
- Lifetime warranty for log sets.
- The burner system is engineered to create an incredibly colorful and realistic flame pattern.
- Revolutionary burner system generates substantial radiant heat.

Benefits:

- Vent Free gas logs are a convenient and clean way to enjoy a beautiful fire in your home, as well as provide supplemental heat with our highly efficient burner system.
- Remote ready rotary control valve with adjustable flame.
- Quick and easy setup, only gas line is needed to get started.
- ODS pilot ensures safe use of log set.

Options:

- Available in LP or Natural gas.
- Available in 24”,30” & 36” sizes.
- Remote control.

Log Set Size	Height of Front Opening	Width of Front Opening	Width of Back Opening	Depth	Natural BTU	Propane BTU
24”	18”	29”	20”	14”	25,000/39,000	25,000/39,000
30”	20”	38-1/2”	20”	14”	27,000/40,000	26,000/40,000
36”	20”	48”	20”	14”	27,000/40,000	26,000/40,000

“The ultimate in realism created by the perfect blend of art & engineering.”
