

Element™ Series

Built-In Electric Fireplace

The Element™ Built-In Self Trimming Electric Fireplace is a builder special and a tradesman's dream. It features the highest heat output and best looking flame in its category, and a hardwire installation or plug and play option. From the impressive flame pattern, the glowing log set with ember bed and the addition of a top light with seven different color settings, it is as sure to create eco-friendly zone heating as it is to create a beautiful focal point.
