

Week 17 Alternative

Hello - hope you are still enjoying the SAL

I provided an alternative for week 7 (due to it being apparent that some people preferred horizontal & vertical symmetry). However, after releasing the pattern that week I realised that the alternative was used later in the year, for this week in fact. So if you used the week 7 alternative, then here is the week 17 one

NB: I have attached this to the front of the official pdf as a lot of people missed it at the back, so please see page 2 for this weeks full pattern
