**Picture helpers**  
FOR SMOOTHER DAYS

# At Second Scout, we are obsessed with making life easier for families.

We all know that many hands make light work, so we've designed magnetic timber picture helpers that bring the whole family on board, including the littlest (and stickiest!) of hands.

Perfect for children who can't read, our cleverly designed tactile routine helpers and planners can be interpreted with ease.

## DESIGNED BY A MUM OF TWO TO HELP WITH THE CHAOS OF HAVING HER OWN YOUNG FAMILY

"Everyday tasks like teeth brushing and helping to pack away was a daily struggle...despite my best efforts to practice patience amongst the 427 reminders!

It got me thinking, what if I used pictures to help her before she could read? Hey presto! It worked."

Megan | Founder & Creator - Second Scout | Co-creator of two small humans

PERFECT FOR CHILDREN & PRE-READERS
