

FOR THOSE WHO WORK

STOUT GLOVES

WHERE OTHERS WON'T

BOLD. BRAVE. DETERMINED

Stout gloves was created to offer quality industrial gloves to the North American market. We specialize in Just-In-Time Service and offer unmatched support and knowledge to the customer in all facets of the supply chain.

Stout gloves are designed with the client in mind, using the highest quality materials, researching the industry standards along with their applications to properly understand their needs.

We want to thank all of our supporters who have embraced Stout Gloves. We are very grateful.

Please work safe, enjoy life, laugh lots and never give up.

05-108

ODYSSEY SERIES

ANSI / ISEA 138

FEATURES

- Grade A Full Grain Goatskin Leather
- Powerful Defiant Impact Protection™ TPR Impact Guards
 - ▶ Stout's proprietary TPR is designed to disperse impact force energy away from the hand by distributing impact outwards and upwards to absorb the force and reduce as much injury as possible. Stout TPR creates a cushion barrier from the tip of the fingertip, over the knuckle and to the back of the hand, equaling a reduction in peak impact force.
- EVA Anti-Vibration Gel-Padded Palm
- Double Stitched Kevlar® Seams

HAND PROTECTION FOR:

- Contractors
- Mechanics
- Equipment Operators
- Maintenance Workers
- Oil & Gas Workers

FOR THOSE WHO WORK WHERE OTHERS WON'T | STOUTGLOVES.COM | 1-877-558-5547

Stout TPR is designed to disperse impact force energy away from the hand by distributing impact outwards and upwards to absorb the force and reduce as much injury as possible. Stout TPR creates a cushion barrier from the tip of the fingertip, over the knuckle and to the back of the hand, equaling a reduction in peak impact force. Stout Gloves are not classified as impact or cut proof. These gloves offer resistance to potentially dangerous elements. Please use gloves safely and responsibly to mitigate injury.

FEATURES

- Flexible TPR Impact protection on knuckles and fingers
- High Visibility for increased safety
- Para Aramid CE Rated EN388 Cut Level 4, Abrasion Level 4, ANSI Cut Level 5
- Heavy Duty Kevloc Grip System on palm & fingers, Kevlar PU Para Aramid Palm with Thumb Panels & Side Panels
- Extended Nylon Cuff with gaiter closure to keep out debris
- Internal Cooldry Mesh Liner with Liquid Resistant Membrane
- Reflective markings on fingertips for increased visibility

FOR THOSE WHO WORK WHERE OTHERS WON'T | STOUTGLOVES.COM | 1-877-558-5547

Stout TPR is designed to disperse impact force energy away from the hand by distributing impact outwards and upwards to absorb the force and reduce as much injury as possible. Stout TPR creates a cushion barrier from the tip of the fingertip, over the knuckle and to the back of the hand, equaling a reduction in peak impact force. Stout Gloves are not classified as impact or cut proof. These gloves offer resistance to potentially dangerous elements. Please use gloves safely and responsibly to mitigate injury.
