

STOUT GLOVES

THE VENOM

MNT-0617

FEATURES

- Soft, flexible TPR on back of hand
- 13-gauge HPPE fiber shell
- Sandy foam nitrile palm coating (abrasion resistance)
- ANSI Cut A5, Impact 2
- Back of Hand TPR
- Provides Impact Protection
- Gel Padded Palm

HAND PROTECTION FOR

- EQUIPMENT OPERATORS • MAINTENANCE WORKERS
- OIL & GAS WORKERS • CONTRACTORS • MECHANICS

Stout TPR is designed to disperse impact force energy away from the hand by distributing impact outwards and upwards to absorb the force and reduce as much injury as possible. Stout TPR creates a cushion barrier from the tip of the fingertip, over the knuckle and to the back of the hand, equaling a reduction in peak impact force. Stout Gloves are not classified as impact or cut proof. These gloves offer resistance to potentially dangerous elements. Please use gloves safely and responsibly to mitigate injury.
