

## Care instructions Muvmat

### **Cleaning of the Muvmat made of polyurethane (PU) soft integral foam:**

- Most types of stains can be easily removed with lukewarm water, possibly with the addition of a pH-neutral cleaning detergent (neutral soap). Always use a clean, lint-free cloth.
- Treat with clear water after each cleaning. Never use cleaning detergents containing chlorine.

### **Cleaning of the polyester cover:**

- The cover of the active standing mat can be easily washed at 30°. We recommend using a mild detergent and avoiding fabric softeners – also for the sake of the environment.
