

Care instructions Aeris Oyo

Polyester cover:

- For regular care, vacuum gently with soft vacuum nozzle.
- Wipe off stains with a soft cloth and pH-neutral soap.
- The seat must only be treated damp, not wet, otherwise the materials used under the fabric may be damaged. Therefore, please use only a little bit of water and apply only small amounts of the cleaning detergents.
- **Attention:** Do not place the Oyo on the edges of the seat shell when cleaning, as this may damage the upholstery.

Felt cover:

- As a genuine natural product made of 90% wool and with a structure that is resistant to stains, it is best to vacuum the cover regularly using a soft vacuum nozzle.

Cleaning of the frame:

- Please clean the frame only with a dry microfiber cloth.
- If necessary, wipe with warm water, pH-neutral soap and a lint-free cloth.
