## PROBLEM, SOLUTION

Your digital footprint  
has evolved.

Why hasn't your bag?

SLNT® Faraday sleeves, bags, cases  
and wallets are all exquisitely designed  
to ensure your devices become invisible,  
untrackable and silent.

Featuring patented Silent Pocket® Faraday  
cage technology and Multishield® that  
block all wireless signals for instant RF  
emissions control.

---

Instantly block  
all wireless signal  
to and from your  
devices.
