

GEORGINA LOLA CEILING TO FLOOR

The Georgina collection is shaped by nature and uses real tree branches to create the structure of each piece. The process begins by carefully selecting and arranging the branches. After its been carved and wired it is then hand wrapped with layers of carbon fibre until it becomes hard as steel. Each piece is absolutely unique and is meticulously hand-crafted in our London studio.

The berries are made from white glass. We also offer carbon fibre, the gilding can be custom finished, gold, silver, copper or RAL colours.

Bespoke materials, sizes and arrangements available upon request.

Size		will vary	W 40-60	D 40-60	H 200-400 (cm)
