PETTADORE
CAT TOGETHER

01 / Notice

1. Please read the manual carefully before use.
2. Children must use the unit under the guidance of an adult.
3. Do not look directly at or touch the UVC lamp while the device is sterilizing.
4. When cleaning the fountain or the tank, please disconnect the power supply and take the warmer out.
5. After some period of use, scale deposits may appear on the warming bar, this is normal.
6. The warmer doesn't warm the water over 28°C.
7. As UVC ultraviolet light cannot penetrate plastic or clothing, the visible light source that is exposed by the UV tube does not inflict damage.
8. After a long period of use, yellowing inside the fountain is normal.
