

ZShield Ultra is designed to be a comfortable, wearable barrier that helps shield your face, mouth, and eyes from spray, splatter, and the direct transfer of respiratory droplets. Our face shields are designed for clear verbal and non-verbal communication and comfort when masks or stationary sneeze guards are not practical. They are made in the USA and easy to clean with our ZShield cleaner and microfiber cloth. ZShield Ultra users should still practice social distancing, just as they would with a face mask.

**Product Features:**

- Durable, full face coverage
- Compatible with most types of eyeglasses
- Closed top to help block airborne particulates
- Sleek and modern design
- Optimal fit—can be worn comfortably for many hours
- Allows visibility of facial expressions for verbal and non-verbal communication
- Washable and reusable frame with replaceable visors
- Ultra lightweight
- Meets Centers for Disease Control and Prevention (CDC) guidance for face shields

SKU# UTFP1TP
GTIN: 850019658712

Assembly Instructions

01 Remove items from the box and place on a clean surface. Peel off the protective film on **both sides** of the visor starting from the top.

02 Align H-cuts in visor with prongs on headset. Attach visor to headset by gently snap-fitting each prong to H-cut, starting in the center.

Note: Place eyeglasses or sunglasses on first if wearing in conjunction with the ZShield Ultra.

Visor Dimensions:
12.6" x 7.09"

Headset Dimensions:
7.22" x 6.94" x 2.26"

Components in Package:
Visor and Headset

Materials Used:

Headset: Polycarbonate

Visor: PETG (Optically Clear)

Cleaning Instructions:

Clean using our ZShield cleaner and microfiber cloth.

Note: All components are shipped unsterilized.

Note: Do not leave in extreme heat.
