

Maria's Hand-rolled & Cut Fresh Pasta

It all starts with fresh pasta - award winning fresh pasta.
You need the right recipe, the best ingredients and the technique.

At Maria's we have been rolling and kneading pasta in the traditional way for over 30 years. We also know that the pasta best suited to make your own lasagna is different to the pasta to make ravioli. For that reason, we have recipes and rolling thicknesses to suit all your needs.

Our traditional recipes use a premium, unbleached flour and whole egg. For food service we recommend our Durum recipe, especially for cut pasta. We use a premium, single point of origin, Durum semolina from Bellata Gold in NSW. This flour is amazing to work with and is the preferred choice for many chefs. The pasta has the rich colour of the Durum wheat and is more robust, meaning it pre-cooks and refreshes well. It's great being tossed in a hot pan with any sauce and remains al dente throughout the process. Our regular thickness is great for all purpose use. If you prefer your pasta more delicate, be sure to request it thin.

Maria's Pasta has been making traditional Lasagna for over 30 years. The Bolognese sauce is made to an authentic family recipe. We use prime beef mince and brown it off in the pan with herbs and spices before adding it to the sauce. It's the little things that take more time but make for a decidedly delicious and authentic sauce.

Our Roast Vegetable Lasagna is also lovely. This is made with our famous Napoli sauce, Mediterranean roasted vegetables: zucchini, eggplant and capsicum, our much loved spinach pasta, Italian herbs, spices and finished with mozzarella.
