

AXSR

LONG ACTION MULTI CAL RIFLE

The next generation Accuracy International high performance, AXSR rifle features cross-platform enhancements to match the demands of sporting communities worldwide.

Victory in the balance

With a cut-rifled barrel manufactured by AI in the UK and central point of balance delivering linear recoil, no muzzle jump and rapid setup, the AXSR is a rigid and reliable platform for accuracy at speed.

AI quality without compromise

The AXSR model comes complete with all the options configured for the perfect rifle. AI accuracy, repeatability and reliability naturally come as standard.

Reliable high performance

The non-bonded barrelled long action is bolted into an aluminium chassis. With RRS spec (ARCA Swiss compatible) rail interface forend for tripod mounting. The slick action builds trust and confidence in its capabilities.
