Instructions HOW TO CUSTOMIZE AND PRINT YOUR CARD SETS

1

- **Download** your preferred version, **A4** or **Letter** size
- **Unzip** the folder (just double click)

2

Choose if you want:
- **single cards** (4 cards on each A4/letter sized sheet) or
- **double cards** (2 cards on each A4/letter sized sheet)

3

- **Open your file in Adobe Acrobat Reader**
- **Change the text** to your preferred greeting or note
- You can also delete all text and use the cards blank
- Save if you want to be able to edit again later

4

Print your cards
- Use cardstock or your preferred paper
- Click option **Actual size** (or your cards will shrink)
- **Cut** using the cutlines
- Double cards: fold in the middle to make a double card with space to write a note on the inside

Ink saving tips

Only want to print one of the cards? Open the double cards version that includes the card you want. Using the buttons, choose which card to show and print.
