AUTUMN / WINTER 2016

STORY

Estilo Emporio is the result of a lifelong partnership between Mac and Mardee McDonough, who began designing and manufacturing leather goods in the seventies in Sitges, on the Costa Brava of Spain.

Now based in Sydney, Australia, and with two generations working side-by-side, daughter Michaela McDonough has drawn on her family's international roots to create a collection of accessories with eclectic elegance and street-style.

The brand continues to celebrate its European heritage, maintaining a tradition of exquisite craftsmanship and setting itself apart, season after season, creating functional yet trend-focused handbags, belts and footwear, made from the highest quality leathers and superior trims.

With a passion for affordable modern luxury, Estilo Emporio's bold and innovative designs promote versatility and are created for women with every age in mind. Estilo Emporio is the perfect balance of international influence and Australian everyday style.

Mardee McDonough - Design Director
