

HYDRO LIFE®

WATER FILTRATION SYSTEMS

COMMERCIAL SERIES LINE

150

150-Universal
(includes compression
and push-pull fittings)

Hydro Life 100 Series Filtration System

The 150 Filter removes or reduces rust, lead, dirt, chlorine, limescale, unpleasant taste and bad odor from your water. This system is ideal for coffee brewers, cold drink machines, juice machines and slush equipment. Hydro Life uses Granulated Activated Carbon to control taste and odor, while patented KDF Media prevents bacteria growth and reduces limescale, saving your equipment from costly repairs. The 150 Filter is equipped with a threaded fitting for easy inline installation. The 150-U includes compression and push-pull fittings. High quality water is essential for beverage equipment to operate efficiently, better tasting beverages, more satisfied customers and ultimately your bottom line.

APPLICATIONS:

- Coffee Brewers
- Cold Drink Machines
- Juice Machines
- Slush Equipment

REDUCES OR CONTROLS:

- Chlorine
- Lead and other Heavy Metals
- Algae/Slime
- Organic Contaminants
- Taste/Odor
- Limescale
- Bacteria
