

## ESRT – RIOTTE

**Riotte** is a totally natural, proprietary blend of essential nutrients, synergists, enzymes, proteins, vitamins and naturally occurring beneficial microbes formulated to control horse scratches. **Riotte** is produced through a fermentation process using high quality materials and extracts of organic origin that will effectively control a wide range of fungi and bacteria. **Riotte** does not contain harmful chemicals of any kind.

### BENEFITS OF ESRT:

- Gentle, non-irritating
- Works quickly to calm and soothe the affected areas
- Suppresses harmful bacteria and parasites
- Promotes rapid recovery of damaged skin
- Protects the affected dermal region from outside bacteria
- Inexpensive
- Easy to apply

### ABOUT HORSE SCRATCHES:

Horse scratches is an equine infection caused by dermatophilus congolensis (bacteria). Generally, scratches affects the hoof and hock with symptoms including scabby, cracked areas that can be swollen and hot to the touch, tender feet, and in some cases lameness. Scratches are generally more prevalent in horses that are subject to wet muddy conditions for extended periods. Horses with white also feet seem to be more susceptible to scratches.

Causes associated with scratches include bacteria, parasites (i.e. fungus), allergies, photosensitivity, poor or improper nutrition, irritants (i.e. deworming chemicals, antibiotics), soil bedding, ect.

### HOW TO USE ESRT TO HEAL HORSE SCRATCHES:

**Riotte** is relatively easy to mix and apply – No clipping, scrubbing, scraping, soaking or wrapping is required!

1. Ensure the horse is provided with dry shelter
2. Add **ESRT** to warm water (not hot) at a dilution rate of 1 oz / 1 Cup of water
3. Apply directly to the affected area with the aid of a hand sprayer, sponge or cloth - Air dry - DO NOT WIPE OFF
4. Discard sponge or cloth after each use
5. The horse must be kept on a hard surface for about an hour after applying **Riotte**. DO NOT allow them onto the grass, as it will wipe off the **Riotte** before it has a chance to start working.
6. Do not pick at the sore; Just apply the **Riotte** as often as you want during the day. (Applying at least twice a day is best.)

**Riotte** is also an effective “all purpose” medication for wounds of any kind!

**SAFETY:**

**ESRT** is produced in accordance with NOSB (National Organic Standards Board) guidelines. The materials used in the production process are derived from naturally occurring and sustainable sources and are consistent with organic principals and the National List of Allowed Substances. **ESRT** does NOT contain synthetic chemicals, animal components, and animal by products, manure or manure by-products. **ESRT** is environmentally safe and is not harmful to animals, plants and humans.

**COMPLIANCE:**

Fully complies with EPA Toxic Substance Control Act (TSCA) and the rules, orders and regulations promulgated there under including:

- a) Sections 4, 5, 6 & 7; Title 40 Chapter 1, 707.20 thru 707.75;
- b) 40 CFR Sections 704.3. 710.2(e) and 720.3(c); and
- c) Sections 5 and 13, reference 42FR64583
- d) Does not contain marine pollutants as defined in 49 CFR 171.8.

**STORAGE & HANDLING:**

Store in a cool location away from direct sunlight - No special handling required

**PACKAGING:**

1 Litre Jug
