

Sargent Hopper Door SKU: HD8S

Door Size: 14" W x 13" H
Overall Size: 16 5/8" W x 24" H
Wall Opening: 15" W x 22" H
Suggested Flue Size: 24" x 24" & Larger

Specifications

The overall dimensions are 24" high by 16 5/8" wide by 9" deep. The daylight opening is 13" x 14". The wall buck is of one piece welded 12 gauge steel construction with two 5/16" holes as provisions for anchor bolts.

The door is made self-closing by means of a heat resistant stainless Steel spring inside an oil filled steel cylinder. The cylinder has Teflon seals and washers which act as a shock absorber to control the speed of which the door closes. The door check is attached to the underside of the pan at one end and to the back of the retainer plate at the other end.

This door assembly is approved for use in New York City under The Board of Standards and Appeals Calendar Number 808-46-SM.

KEY FEATURES:

- Bottom Hinged
- 12 gauge steel construction
- Self Closing
- Designed for durability
