

Crossroads Sports is back! We are starting our adult sand volleyball program on Sunday, June 21 with just a couple of adjustments. First of all, we are making sanitation adjustments for the players and their families. If you are not feeling well or have a fever or any of the other Covid symptoms, please stay home. We are limiting our entrance and exit to one place - east of the Sportcenter, adjacent to the tennis courts. Hand sanitizer will be required as you enter. Courts will be sanitized (game balls and standards). Bathrooms will be sanitized every 30 minutes. Tables and chairs will be very limited in the pavilion, so bring your own. And best of all, we are not charging a fee this season. However, you must register to play. In fact, all adults entering the volleyball facility must register and sign a waiver. Regardless of whether you are playing or not, you must fill out an electronic waiver. Once you register you only have to check in each week before entering the facility. A link and a QR code are included at the bottom of this communication.

**Here's how the season will work:**

1. Sunday nights will consist of nightly tournaments and open play.
2. Between 6:30 and 7:00 pm you can sign up for the nightly single elimination (or double if only a few teams sign up) tournament.
3. 1-2 courts will be kept for open play of "king of the court." (winners stay on)
4. At 7:00 the tournament will start and continue until no later than 9:00. (No games may start after 9:00).
5. Based on the seasons tournament results, we will have a seeded, end of sea son tournament on August 2 or 9 depending on the number of teams.
6. You should have an idea of a team to play with, but you can pick up if spots are available.
7. Although we would like tournament teams to be the same on a particular night, feel free to mix and match throughout the season.
8. For the post-season tournament you must give us a roster for seeding purposes.
9. Bring your own food and refreshments and as always (no alcohol is allowed).
10. Leave your pets at home, but children are welcome as long as they are 100% supervised at all times. (This is for everyone's safety).
11. For personal safety please no hugging, high fives or fist bumps.
12. You don't even have to come every week, but we would love to have you each week for better tourneys.

We are so excited to be back and can't wait to have you back on the courts. Call your buddies and give them the link and come play.

Have a blessed week and I'll see you Sunday
