Troubleshooting -Not working

when did it happen?

1 weeks/months and suddenly stopped working

2 Just received

3 Only worked 1-2 days

what changed, like how was the weather in the last few days ?

Have you charged it in the sun for a long time?

Is there any LED indicator flash during the day?

400W/500W

300W

60/90/120/200W

Red Charge Indicator

YES/ NO
Please advise more in details if you have
Thanks.
