

Leica iCON grade iGD2

2D solution for all large earth moving projects

iGD2, iCON grade for dozers 2D

Provides automatic control of both slope and elevation. When using 2 masts and laser sensors you can work independent of slope direction.

- Maximise your machine utilisation and return on investment
- PowerSnap for easy exchange of panels and removal of key components for overnight security
- Easy to operate and upgrade
- Robust – designed for harsh construction environments

Key Features

- **Dedicated** grade and slope adjustment keys
- **Crisp, intuitive graphics** show the blade's actual position relative to desired grade and slope
- Quick and easy setup for operator preferences
- Auto/Manual control mode selection, with optional lever-mounted controls available

2D System Configurations

Laser & Slope Control

Dual Laser Control

PowerMast Laser & Slope control

Dual PowerMast Laser control

Sonic Tracer System

Single PowerMast System

Total Station

GPS System

Dual GPS & Slope Control

2D Sensors

Slope Sensor

MLS720 Laser Receiver

TriSonic Tracer
