

GRANDFIELD
Sofa system

PRODUCT INFORMATION

A sofa system that doesn't need to be categorised. Equally accomplished in expression and functionality, the sofa system Grandfield by Christophe Pillet is a natural place for meetings, rest and socialising no matter the environment or context it is placed in.

"Even though I don't stay for a long time in a sofa, I still expect it to be comfortable. A sofa should be ultimate in all respects no matter where it is placed, and should be made with the same attention to detail regardless of how it will be used," says Christine Pillet. He adds, "The challenge of creating a sofa that fits into many different environments and appeals to a large number of people lies in finding a simple expression."

Simplicity is hard to achieve because it can come dangerously close to the banal, but Pillet has always managed to stay on the right side of that boundary, and this is evident in his collaboration with Offecct. Grandfield is a simple, generous, soft sofa that can be extended with platforms and sections to suit multiple needs.
