

# OVERLOAD

## STEP 1

To determine your ring size, please print this page. To ensure that your printed to scale, measure these rulers and ensure they are respectively 1 inch and 1cm.

Please note that his converter is a guideline and the outcome may vary due to difference in measurement methods.

## STEP 2

Match the inside of one of your rings with one of the circles on the left.

When your ring has been placed on the right size, you should only see the black circle, with no background color - inside your ring.

If your ring falls between any two circles, pick a half size.

*If you are not sure about your size after using the converter, please get your size measured at your local jewelry store.*
