# Enjoy the outdoors.

Family and friends. Spending good times together. Celebrating special moments. These are the important things in life. Doing them outdoors can make them even sweeter.

As a family owned company since our start in 2001, Gensun's focus is making sure life's special moments outdoors are enjoyed with products that are beautiful, comfortable and durable. Our family takes great pride in producing outdoor furniture and kitchens that will stand the test of time.

We know that after a hard day you want to sit back and enjoy the quality of life. We work hard to make sure that you sit back and also enjoy the quality of the furniture in your life!

## DESIGN

All Gensun products are designed using our dedicated development team at the factory. Our team of talented designers and engineers are involved in the product from concept through final production making sure it achieves the design aspirations, comfort and durability. The team will often work with Achella Design, an outside design company, that specializes in furniture design. Chris Panichella and his team have designed numerous collections for Gensun over the years.

## MATERIAL

The materials used in producing a product are just as critical as the craftsmanship. When a high-quality product is the final goal you must start with high quality materials. Gensun uses cast aluminum alloy 356, T5 and T6 temper aluminum extrusions along with paint, fabrics and outdoor wicker that meet or exceed industry standards for fading, wear and withstanding the outdoor elements.

## CRAFTSMANSHIP

Gensun prides itself on producing high quality and high value furniture. This is accomplished with another group of talented people – our production team. Most of these employees have been with Gensun from the beginning. Their knowledge and skill can be seen in the rich detail of the final product. All of our products are made by hand and not mass produced. Great care and hard work go into every piece of furniture making sure the product is built with quality in mind at every step.

## SERVICE

The final group of people Gensun is proud to have as employees is the customer service team. This specialized team, considered the best in the industry, makes sure all the steps after production are done right. And if you ever need help they are on the other end of the phone – not a machine.

## ENJOYMENT

The end result our dedicated team strives to achieve is the complete satisfaction of our customers and the enjoyment of living life outdoors with family and friends.

## — BEL AIR —

Unwind in the most luxurious of outdoor spaces with the Bel Air collection. This collection captures the graceful elegance and comfort of the finest furniture and combines it with meticulous craftsmanship and versatility. — FLORENCE —

Much like the birthplace of the Renaissance, the Florence collection is designed with the concepts of artistic expression and architectural decadence. Created to bring outdoor spaces to new heights of hospitality, comfort and beauty, the Florence collection will invite guests to lounge in luxury and elegance.

## — ALEXEE —

Always popular wicker, scaled to the comfort of upholstered indoor furniture, Alexee is a contemporary version of Victorian Era wicker. But, unlike natural wicker that needs to be sheltered from the weather, Alexee features a natural look synthetic wicker hand woven onto an extruded aluminum frame. Designed to perfection including detailing on the legs complementing wicker, Alexee is beautiful indoors and out.

— **AMARI** —

The streamlined design of Amari flows together effortlessly to form the precisely sculpted cast aluminum frame. Although the styling of Amari is reminiscent of authentic mid-century furniture, there is a more reserved character that adapts to a variety of tastes. The light and airy shape allows it to fit effortlessly into both contemporary and classic environments, while the ability to choose between woven or cushion seating further exemplifies its versatility.

— JAYNE —

The Jayne collection captures the relaxation of outdoor living with its enveloping softness and unique use of materials. Jayne's seamlessly integrated straps surround you as you sink into its cloud-like cushions, and the teak finished aluminum arms give the warm look of wood without the maintenance. With its gracefully curved silhouette, modern detailing, and striking stance, Jayne is an inviting addition to any outdoor space.

## — MORRO BAY —

Morro Bay blends modern simplicity with classical elegance. Inspired by neoclassical architecture the collection complements traditional or transitional spaces alike. Its architectural, fluted legs meet with a sinuous, ribbon-like arm that starts and ends with a graceful volute, showcasing its neoclassical inspiration. Morro Bay honors the past with an eye to the future.

# — TREVISO —

True to its transitional style, the Treviso collection focuses on the delicate interplay and impeccable transitions between its lines and materials. The hallmark of Treviso is how the elegant back casting flows effortlessly from aluminum to wicker, creating a comfortable, form fitting back contour. It's gentle, curved legs attach to a gracefully arched arm, while the wicker seat creates a sense of harmony with its mixed material back. The combination of these beautiful transitions and thoughtful use of materials makes Treviso an elegant choice for any space.

# DESIGN YOUR OWN KITCHEN

Gensun has made designing your own outdoor kitchen an easy process. Follow the steps below to make your outdoor kitchen everything you want. If you need help with space planning, our website offers a space planner where you can fit your kitchen and your furniture to your outdoor space.

## KITCHEN DESIGN STEPS

**DETERMINE THE LOCATION AND SIZE OF THE AREA FOR YOUR KITCHEN.** Keep in mind that for best grill performance the wind direction should come from the back of a grill.

**WHAT APPLIANCES DO YOU WANT IN YOUR KITCHEN?** We offer a variety of cabinets for gas/LP and kamado grills, side burners, beverage centers and sinks. We also have appliance opening panels.

**WHAT STORAGE CABINETS DO YOU WANT IN YOUR KITCHEN?** Cabinets come in door, drawer, and drawer + door configurations and in many widths. There are corner cabinets if you want your kitchen to be an L or U in design.

**WANT SEATING?** We have pedestal table seating and a fire table that accommodate up to 6 balcony height stools.

**AFTER YOU HAVE DETERMINED YOUR CABINETS YOU WILL NEED TO ORDER TWO MORE COMPONENTS:**

1. The appropriate fascia panel to fit on the front of the cabinet(s) around the front of your gas grill, side burner or small beverage center. Kamado grills, large beverage centers accommodated, drop-in side burners and sinks do not require fascia panels.
2. An end cabinet side panel to give the cabinets at each end of your kitchen a finished look.

**WHAT FINISH DO YOU WANT ON YOUR CABINETS AND FASCIA PANELS?** We offer 21 finishes for you to choose from.

**THE COUNTERTOP IS UP TO YOU.** We could never offer the vast choices that are available in the market. There are many suppliers of granite, marble, quartz, and other good products that can be used for your countertop. Please select a qualified company that will make and install your countertop to meet outdoor standards.

**APPLIANCES AND LP TANK SOLD SEPARATELY**

**NOT WAREHOUSED.** All cabinets and panels are not warehoused.

## CARE & MAINTENANCE

Gensun products are manufactured to give many years of enjoyment. In an effort to help you enjoy the furniture, kitchens and accessories over the years we highly recommend a regular schedule of care and maintenance. Failure to follow these guidelines can void the warranty.

Many fine products to care for the various materials of your furniture are available at your local casual and outdoor furniture dealer or hardware stores. A regular schedule should consist of cleaning the furniture, kitchen cabinets, fabric, woven material and other product materials at least twice a year but can vary due to usage, exposure and weather conditions. Gensun recommends a mild dish soap and warm water for best cleaning results on the metal frames, fabrics and woven material. Cleaning before storage is highly recommended so that any dirt or pollutants will not cause damage during storage. Difficult or stubborn stains on acrylic fabrics can be cleaned with more aggressive solutions – visit the fabric manufacturer websites for more information. Cleaning more often will not harm the high-quality materials used. A premium clear car wax should be applied after every cleaning.

### PLEASE NOTE

- The hardware on swivel rockers, swivel rocking lounge & balcony chairs, and swivel bar & balcony stools should be regularly checked to make sure it is tight. Every 6 months or more often depending upon use.
- Weather, especially wind, can damage outdoor furniture. Care should be taken to protect outdoor products in windy conditions. It is always recommended to close umbrellas and privacy screens when not in use. It is also recommended to remove umbrellas from tables and lay umbrellas and privacy screens flat during windy conditions.
- All products should be covered if regularly exposed to the sun and weather conditions.
- Insect repellent (Deet), suntan lotions and harsh cleaners can be harmful to your furniture finish, fabrics and woven material. DO NOT allow any of these products to come in contact with the product as they can cause stains which are not covered under warranty. Gensun approves a mild dish soap and water mixture or 303 Patio Furniture products for cleaning and protecting our products. Other cleaners can void the warranty.
- Extension table slides should be cleaned regularly. Lubricant can also be applied to help the table easily slide.
- Adjustable glides on chairs, table legs, fire tables, etc. are for residential use only. Take special care that these glides are not adjusted to more than 3/16 inch or 0.5 cm of exposed threads as this can cause damage to the glide or leg. Regularly check the glides as they can unscrew when moving products. In commercial use these glides should be firmly tightened at all times. Periodic checks should be performed to confirm that the glides are tight or within the guidelines listed above. The adjustable glides on kitchen cabinet legs should not be adjusted to more than 1 inch or 2.5 cm of exposed thread.
- Cushions are manufactured using premium outdoor materials. These materials can absorb water and will not be damaged if they get wet for a time. However, cushions should not remain wet over a prolonged time as mold or mildew can occur. Protecting cushions from the elements using covers is recommended. If cushions do get wet, open zippers and turn cushion so the zipper is facing down. This will allow moisture to properly drain and protect the cushion from mold, mildew and potential staining.
- Gas fire tables and appliances should be operated with extreme care – especially when lighting the burners. DO NOT light the fire table burner in the high gas setting. Only light the fire table in the low gas setting. Place a lit match on the fire media before turning the gas on. See the appliance instruction manuals for details on proper operation, care and maintenance. DO NOT put the burner cover on until the fire media has cooled as the paint can discolor.

Please make sure that any water that may have accumulated in the tubular extrusions is drained prior to exposure of freezing conditions. Failure to do so can cause water to freeze inside and on materials causing severe damage, tubing to burst, that is not covered under warranty. Furniture should always be stored in a dry area and upright position.

## LIMITED COMMERCIAL WARRANTY

### PRODUCT COVERAGE

Gensun warrants to the original purchaser that the products are free from defects in material and workmanship. The product frame and structural components, excluding Knock Down (KD) seating products, warranty lasts for a period of (5) years from the date of original purchase. The product powder coat finish warranty lasts for a period of (2) years from the date of original purchase. The fabrics, cushion-fill materials, glass fire table tops, woven material, fire table burner components, accessories, and parts warranty last for a period of (1) year from the date of original purchase. All appliances are warranted by the respective manufacturer.

### COVERAGE DETAILS

If the product frame or structure fails, excluding Knock Down (KD) seating products or if the finish peels or blisters Gensun will, at its' option, repair or replace the frame or part in original style and finish whenever possible. However, if original style or finish is no longer available, Gensun will substitute a product of equal value in similar style and/or finish.

### WHAT IS NOT COVERED

This limited warranty does not cover finish fading due to extensive exposure to outdoor elements. The warranty does not cover shipping damage and damage from improper handling, misuse, abuse, acts of nature, normal wear and tear, fading of materials, pitting or chipping, harsh cleaning solutions, sun screen and tanning lotions, freezing, mildew/mold, staining, corrosion, chair and table glide wear, fabric/woven material stretching, consequential and incidental damages, normal cushion sag, C.O.M. fabrics, repaired, altered or refinished products and over tightening hardware. Table/cabinet-top and frame variations up to 0.2 inch are not covered. Damage due to a lack of responsible care and maintenance for the product (especially at indoor pools, seaside use or extreme temperatures) is not covered. Gensun is not liable for freight/shipping costs of returned or replaced product.

\*Please note that chair and table glides should be kept firmly tightened. The adjustability function is only for residential use.

### CLAIM PROCEDURE

The warranty claim must be made by the original purchaser through the authorized selling agent. The product or pictures must be provided, if requested, to Gensun or its' authorized representative. Proof of purchase and return goods authorization are necessary.

### CARE & MAINTENANCE

Please refer to the Care & Maintenance information for proper guidelines regarding all Gensun products. Failure to follow these guidelines can void the warranty. Gensun is not responsible for any other costs; consequential or incidental damages resulting from any defect in the product. This warranty gives you specific legal rights and you may also have other legal rights granted by your state of residence.
