Description

The Acapulco Collection by Harmonia Living blends mid-century design with modern funk to create a new standard of comfort and style. The collection is inspired by woven furniture that was popular in Central America in the 1950s and '60s, featuring a breathable and supportive design. This makes the Acapulco Collection ideal for entertaining, even in the warmest climates. The collection is constructed with powder-coated steel, making it incredibly durable and weather-resistant. The black frames are wrapped in a supportive Glacier Blue Polyethylene cord, creating the hammock-like netting that is the hallmark of the collection. The 3 Piece Acapulco Bar Set includes 2 Bar Chairs and a Bar Table for comfortable, intimate outdoor relaxation. The bar chairs are generously sized and comfortable for drinking or dining. The bar table has a spacious glass top, blending its sophisticated look with functionality. Overall, this set is sure to make an impression. If you are looking for patio dining that is both fun and sensible, then the Acapulco Bar Set is for you!
