Indicate any marks below:

Consignment Agreement:

A 30% commission on the final sale price covers the cost we incur in detailing, marketing, and advertising your saddle. When your saddle is sold, there is a four week processing period before a check is sent to you. If you are local and would like to opt for a store credit instead of a check being issued the consignment rate is 25%.

A \$50 processing fee will be assessed on any saddle removed from consignment within 90 days of intake.

6 month limit on saddles left on consignment. Should your saddle fail to sell within six months, you will be contacted to pick up your saddle. Should we be unable to reach you, Olson's Tack Shop reserves the right to donate the saddle to a local charitable organization.

Consignment checks will be mailed to the above address. Re-issued checks will be charged a \$40 stop payment fee.

Seller agrees that consigned items may be, at Olson's Tack's discretion, removed from the store by prospective purchasers for demonstration purposes and that some wear and tear may result. Seller agrees that Olson's Tack will not be responsible for the loss of or damage to the items while on consignment with Olson's Tack other than for loss resulting from negligence of Olson's Tack or its employees.
