Fetish for Freshness

Cedar Valley Farms thrives on delivering freshness within our products, staying fresh with our processes and brand, and has now added additional levels of freshness by expanding to two more locations that are literally known for fresh! In addition to the Ashland Buehler's, CVF products can now be found at the River Styx Buehler's and Forest Meadows Buehler's both in Medina!

Forest Meadows Buehler's

If you are strolling down the aisles at any of these three locations, it is likely you might see a Cedar Valley Farms representative on site. We take pride in being part of the whole process in selling our brand and products.

Doing pop-up events at our wholesale locations to talk with customers in person is something we truly enjoy. CVF supports the hands-on, quality experience, the in-person interactions, the methods that show customers our focus goes past financial goals and focuses more on sincerely caring about improving people's lives.

CVF is in the "Zone"

You could say we're in the "zone" of fresh, new starts this season. This next, new start is quite a beauty - CVF products will now be featured in Penzone Salon and Spa! This elite hair salon, nail salon, and spa was founded on the fact that beauty is a way of life, and we are so excited to contribute to that belief by providing our all-natural wellness line that can build beauty from the inside out.

CVF products are currently sold at the Dublin location, but Penzone locations include the following Columbus areas: Gahana, German Village, Polaris, Short North, and Upper Arlington. We are so thankful and proud to have such a fine establishment join our wholesale family! **WELCOME, PENZONE!**

The CVF team recently popped up in the "zone" to promote our CBD wellness line Friday, December 2nd when we traveled to Penzone Salon and Spa in Dublin to attend Penzone's Sip and Shop Event! This festive evening included sips, shopping, seasonal bites, and a whole lot of style! We were so honored to promote our products at this location and meet with owners, Debbie and Charles Penzone while we were there! We are so very grateful for this new partnership and look forward to all that's to come!

CVF Packages Tied up with String

Instead of buying another pair of slouchy slipper socks, Christmas coffee cup, or a thousand other of the same things again this year, why not consider the gift of continual relief, quality sleep, a cozy calm, or the answer to perpetual pet problems? No matter who is lingering on your list, CVF has you covered - especially with our NEW winter packages!

Finding personalized solutions is what CVF is all about! Our fresh, new holiday packages will make gifting this season a breeze! These CVF wellness packages come pre-wrapped, so they will already be tied up with ribbon and string, so they're sure to be some of your favorite things!

This winter, whether you want to go large, meet in the middle, or stick with a sample, we've got the perfect snowy solutions to put under your tree! Pick your **pre-wrapped**, perfect package today! Check them out below!
